CAMERON, MILAM COUNTY TEXAS, THURSDAY OCTOBER 6, 1960

18 Pages Today

Pauline Michalka receives her 'silver leaves signifying her promotion to lieutenant Colonel in the Army Nurse Corps. The daughter of the late Mr. and Mrs. Joe J. Michalka, of Cameron, she is a graduate of Senton School of Nursing in Austin. Since entering the service in 1942 Col. Michalka has been

awarded the Bronze Star Medal, Asiatic-Pacific Ribbon with 3 stars and Philippine Liberation Ribbon with 1 Battle Star. She is being transferred to Lackland Air Force Base in San Antonio where she will be chief nurse of surgery.

NM Fund Seeking Goal Of \$11,500 For '60 Drive

Elvin Hoskins To Take Chief's Post October 10

Elvin Hoskins, 39, of Bryan and Calvert, will take over the turbulent Cameron Police Dept. October 10.

The tall (6 - 3"), lean police officer will move to Cameron this weekend, he told councilmen in a meeting Tuesday.

Hoskins already has begun his job of seeking replacements for three vacancies existing in the Cameron Police Dept.

He recommended Vernie Miller which met Council approval and said he would interview about six applicants remaining out of some 20 applications checked Tuesday.

Hoskins is a former policeman with the Rockdale Police Dept. and has worked for Alcoa at Rockdale as a guard. He worked four years in Calvert as a city marshal.

The 180-pound Texan is single. In a council meeting Tuesday, he asked that some new procedures for handling personnel effects of jail prisoners be authorized by the council. Councilmen voted approval for the new technique and authorized some improvements in City Court procedure recommended by City Atty. Charlie Smith.

Hoskins was hired after two special sessions last week.

Cameron Lions Hear District Governor

Cameron Lions Monday heard Lion District Governor Stanley Pavalek, Taylor, in an address on service.

He emphasized the purpose of the Lions international organization as one of unselfish service. He urged all Lions members to take an active part in their local club.

Pavalek defined the word "happiness" as an "elusive state of mind. The only way you can have it or keep it is to give it away," he said.

CLARKSON GIN BURNS — The Eugene Smajstria Gin at Clarkson burned to the ground last Friday afternoon. The exact origin of the fire is not known, but it is thought the blaze began in an overheated cleaner or burr machine. The blaze spread through-

out the machinery and caused this total loss. The Rosebud Volunteer Fire Department sent out one of its trucks with city employees in charge, and they were able to help save the seed house. It is not known whether the gin will be rebuilt.

Seven Agencies Participate In Annual Drive

The North Milam United Fund will kick off Monday, October 17, for a \$11,500 goal, according to Hinton Pruitt, general chairman of the annual North Milam United Fund.

The North Milam Fund board of directors adopted the budget that includes seven agencies, Pruitt said.

Drive chairman Richard Moseley announced that the campaign will continue two weeks from October 17 to October 30.

Fund drive teams in each community north of Little River, dividing line between the North and South Milam Fund groups, will call on businesses and residences for donations.

Moseley said the Cameron drive will be conducted in four divisions: 1. Industrial employees; 2. Business firms; 3. General solicitation; and 4. Residential contacts.

Pruitt urged consideration for the United Fund approach that allows donors to give once to seven organizations and makes donating to the various worthy organizations more convenient.

Moseley listed the following breakdown in the fund total: Girl Scouts, \$1,350; Red Cross, \$3,100; Boy Scouts, \$3,500; Salvation Army, \$1,125; Area charities, \$550; Public Library of Cameron, \$750; Texas United Fund, \$400; and administration and contingency, \$725.

Applications for admission were carefully considered and the participating agencies are worthy of the support of North Milam United Fund, Jack DuBois, chairman of the budget committee said.

Moseley pointed out that only 55 percent of the Fund's goal was reached last year and said that the success of the 1960 North Milam drive will decide whether or not the United Fund can be continued in this area.

"It is much more convenient to contribute one time for these organizations than to contribute separately," he added.

Members of the North Milam United Fund board are: Henry Siebman, Ed Laywell, Drayton McLane, Bob Nelson, Earle Pearson, Mrs. Bill Burns and Bill Crehan, all of Cameron; E. B. Yager, Jones Prairie; Frank Tomasek, Buckholts; Mrs. Buster Griffin, Yarrington; the Rev. Gerald Cobb, Ben Arnold; James W. Perry, Buckholts.

Also, Don Humble, General chairman Pruitt, Henry Schattle, Jr., Bill Crockett, Richard Williams, Mrs. James Kahler, Mrs. David Shapiro, W. L. McIntosh, F. E. Jackson, Edward Schiller, Jr., Morris Eplen, Jack DuBois, Mrs. Elizabeth Zelisko, John Schigut, Mrs. R. H. Foster and Mrs. Perry Holder.

WEATHER

NOTES

Rain fell during the early hours Wednesday for the first time in seven days and temperatures ranged from a low 95 to high 92 during the week.

Council Approves One For Patrolman

The City Council Tuesday approved Police Chief - elect Melvin Hoskins' recommendation to promote night watchman Vernie Miller to fulltime patrolman, but rejected his proposal to reinstate two resigned patrolmen for a 60-day trial.

Councilmen Richard Moseley and E. L. Wied opined that it would be compromising Hoskins' position as new chief to reinstate patrolmen Warren McCall and Howard Simmons, who along with dispatcher Gene Kirk resigned as a group about six weeks ago in protest to former Chief Homer Johnson. Johnson was asked to resign.

Hoskins was hired as new police chief, starting October 10. He will move to Cameron from Bryan, where he has been a city

Yoe Quarterbacks

See Yoe-Eagle Film

Cameron quarterbacks Monday night viewed a film on the Georgetown - Cameron game and heard a scouting report on the Taylor Ducks. Yoe opponents tomorrow night.

E. O. Schiller, Sr., was elected coach of the week. Elected alternate was Wayne Wieser.

Ninety members attended the weekly meeting at the YHS Vocation Bldg.

101

Autumn is here, officially. And the leaves (and grass) are due to turn from green to gold.

Weather these past few days has been as much like summer as summer. Temperatures reached the low 90's except for two days.

Anyhow, it's nice that football time is here. The Yoemen looked stalwart last Friday night in maintaining a lead over a "Good Georgetown team" to win 23-21.

Tomorrow night, they journey to Taylor where the vaunted Ducks will be going for another win. All reports say that Taylor is loaded and is capable of winning the State AA crown this year.

But, considering the crest the Taylor Ducks are riding and that they have been held down in their last outings to little or no yardage in the first half, the Yoemen could spring a real surprise.

101 - 101 - 101

Somebody said recently that people read a weekly newspaper to see what news the editor didn't print.

I guess that's what they call "reading between the lines."

Yoemen To Invade Vaunted Taylor

The Cameron Yoemen will travel fifty miles to neighboring Taylor tomorrow night in search of their fourth gridiron victory of the season.

The defending Ducks have as yet to lose a game. Both teams are well spirited due to the performance they gave the past week.

The Ducks walked off from Rockdale by a 58 - 14 count while Cameron upset the highly touted Georgetown Eagles, 28 - 21.

No injuries or other disappointing factors have been reported from either squad. The Ducks will field a starting line up that averages 165 pounds. The Yoemen will average about the same. The Cameron line will average 174 pounds while the backfield weighs in at 160 pounds per man.

The Ducks will operate off a wing T formation.

Budgie Ford, number 44 will be the man to watch for the opposition while our number 44, Ernest

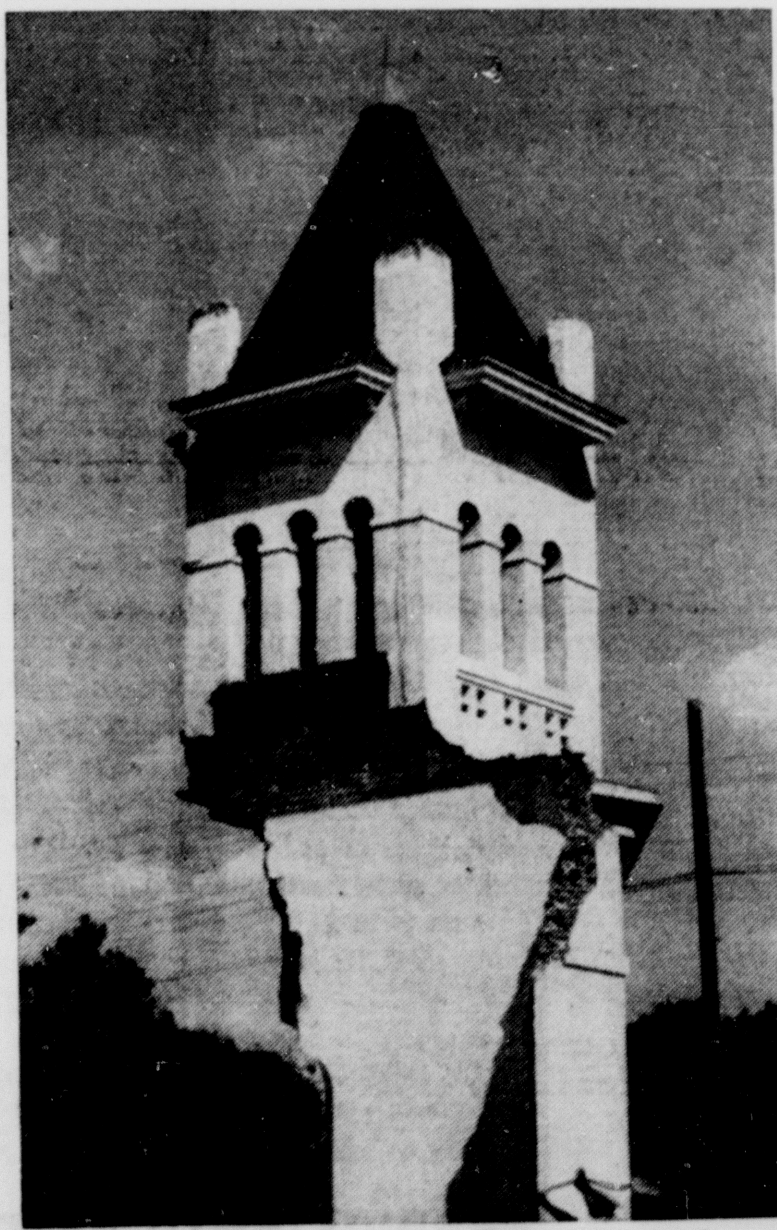

nest Bayer will carry the bulk of Cameron's offenses.

Here are the starting lineups for both squads.

RE Roy Wohleb - 160 lbs.
RT Bret Shumate - 205 lbs.
RG Bob Dymke - 165 lbs.
C Eugene Schattel - 190 lbs.
LG Chris Gay - 155 lbs.
LT Bobby Hillman - 170 lbs.
LE David Barkemeyer - 170 lbs.
QB Jimmy Woodum - 140 lbs.
HB Ed Liernan - 170 lbs.
HB Carol Fikes - 160 lbs.
FB Ernest Bayer - 190 lbs.

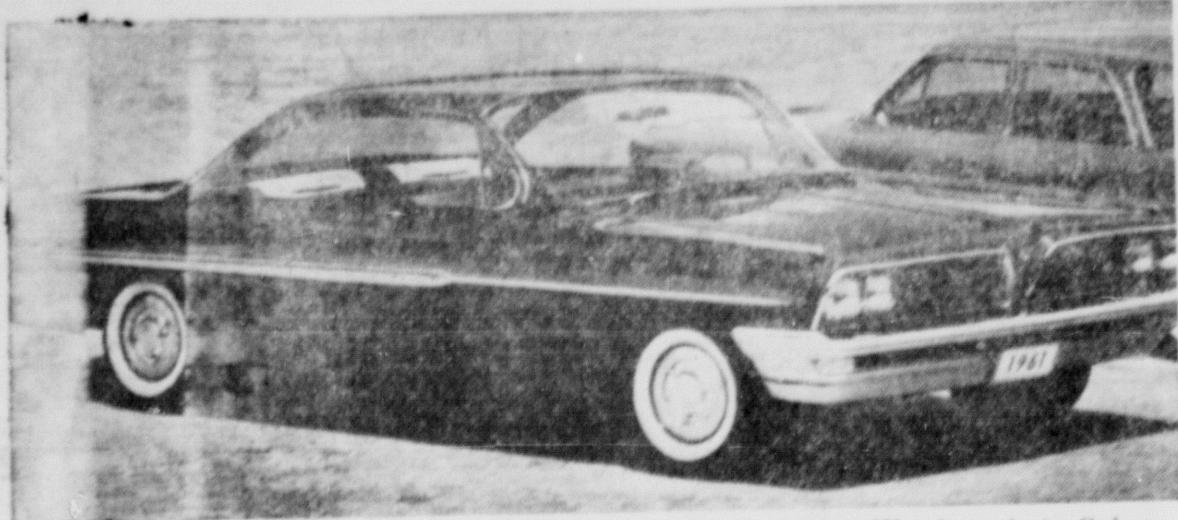

TAYLOR

RE Jimmy Kinel - 160 lbs.
RT Elton Berry - 170 lbs.
RG Jack Sutton - 160 lbs.
C Lee Gaydos - 155 lbs.
LG Jim Welch - 170 lbs.
LT Douglas Kruger - 175 lbs.
LE Darrell Mott - 160 lbs.
QB Billy Davis - 155 lbs.
HB Jan Mohel - 175 lbs.
HB I. N. Davis - 160 lbs.
FB Budgie Ford - 170 lbs.

AGAINST THE SKY — The old steeple stands as a silent reminder of the old First Baptist Church being dismantled at Crockett and Main Sts. A new \$150,000 colonial-style church will be constructed on the site of the old church. Workmen were completing cleanup work on the former church this week.

—Staffoto

PONTIAC VENTURA — Pontiac for 1961 has new styling and is lower, shorter and narrower but has more passenger room. The '61 Pontiacs are

now on display at Woodum Auto Sales. There are 15 new models in four series which are the Catalina, Ventura, Star Chief, & Bonneville.

Pontiac Unveils All New Styling

"Pontiac for 1961 has combined dynamic new styling concepts with significant engineering advances to present the most exciting new car in its 53 year history," said S. E. Knudsen, General Motors vice president and Pontiac Motor Division general manager, in announcing Pontiac's new line of automobiles.

"Fifteen new eye appealing models in four versatile series are precision designed to set new standards in car beauty, reliability, performance and motoring. With this new line we intend to strengthen our position of leadership in the medium-price field."

The new Pontiac is as much as 5 inches lower, four inches shorter, and 2.5 inches narrower, Knudsen revealed, yet important passenger compartment dimensions have been improved. Pontiac's famous wide track design, prevailing in each series, is also pro-

portionately increased. Knudsen also cited a new perimeter frame, new front and rear suspension systems and a lighter weight, more efficient V-8 engine among the car's completely new engineering features.

Pontiac's dynamic new styling approach for 1961 conveys an overall impression of distinguished simplicity and unmistakable identity.

Accentuating the wide, low front end appearance is an expansive hood, channeled on either side of its centerline, which tapers forward with narrow fenders to meet a dominant twin grille of three dimensional design. Each grille houses dual headlamps and an impressive two bar type wrap around bumper adds further prominence to the front end design.

Long sweeping sculptured lines highlight the side view. A central jet like boom, mounting a taste-

ful chrome moulding, gracefully spans the entire length of the car. A channeled surface on the boom centerline provides an ideal location for series designations.

A unique bumper design, attractively integrated with the body, distinguishes a sharply profiled rear end. Sweeping abruptly upward to cap the rear fenders, the bumper frames a low, rearward slanting trunk lid and a narrow panel containing tail lamps of and Pontiac or series name. Bonneville and Star Chiefs feature three matching tail lamps of circular design while Catalinas and Venturas are equipped with an oval shaped, dual bulb lamp. Safari tail lamps are integral with the chrome rear fender caps.

Curving pillars framing a generous Vista - Panoramic windshield combine with the sharper lines of the side windows and rakish, slim - line roof to create a new custom appeal. The new de-corner extension on all models and the triangular rear side window on four - door sedans.

Enhancing the new car's exterior styling appeal is a dazzling array of Magic-Mirror finishes. The brilliant, highly durable acrylic lacquer is available in 15 solid colors and 57 two - tone combinations. Harmonizing with exterior colors are 88 interior trim combinations in beautiful Jeweltone Morrokide, nylon faced and wool pattern cloths and genuine leather.

Yoemen Backs Average 6 Yards On Each Carry

Going into the Taylor game, three Yoemen backs will have an average of 6 yards per carry or better.

Big Ernest Bayer leads the trio with a total of 42 yards rushing for a 6.8 average. Bayer has carried 63 times.

He is currently tied with Rockdale's Daniel Yezak for the league lead in points scored. Each have 42. The Yoemen as a whole are averaging better than 23 points per game while the Ducks are hitting off a 40 plus average a game.

Ed Lierman is the Cameron number two pigskin carrier. He has

Page 2 CAMERON, TEXAS' HERALD, OCT. 6, 1960

a 7.4 average and has carried 53 times for 393 yards. He has 18 points to his credit.

Carol Fikes has 294 yards to his credit for 43 attempts. He has 18 points and a 6.8 average to his credit.

Earl Morgan, another senior halfback has carried 6 times for 35 yards and a 5.9 average. David Walston has one touchdown and a yards average in 6 tries.

Mrs. Ford Is Champion Golfer

Mrs. Amy Ford was named champion in the Cameron Women's Golf Association tournament which was completed at Cameron Country Club over the weekend.

Runner up in the championship Flite was Mrs. Coy Arledge with Mrs. E. J. Manning winning consolation.

In the first flite Mrs. Jimmie Self was winner with Mrs. Donald Culp runner up and Mrs. David Hart consolation. Mrs. Fred Magnus was winner in the second flite with runner up Mrs. C. D. Miller and consolation Mrs. John Davis.

Awards were presented to the winners during the associations luncheon meeting Tuesday at the country club.

View On Sports

Let's get behind this bunch of boys going to Taylor Friday night and make a real showing win, lose or draw.

Though a little bird tells us that we have a mighty fine chance of winning this contest, the local fans will have to show their faith by packing their blankets, umbrellas, or what - have - you and hot-footing it to near-by Duck territory.

The Yoemen upset the Georgetown Eagles last week and no one is quite sure how they did it although a close game observer didn't have a hard time figuring out the Yoemen had what it takes while Georgetown wasn't unbeatable.

So will be the case tomorrow night for Ernest Bayer, Ed Lierman and the likes as they battle for all they're worth (which is quite a lot!).

VOS

Bobby Griswold and Pat Dillon are back out for football after a four week absence. Dillon is a 130 pound quarterback and younger brother of former all-star fullback, Guy Dillon.

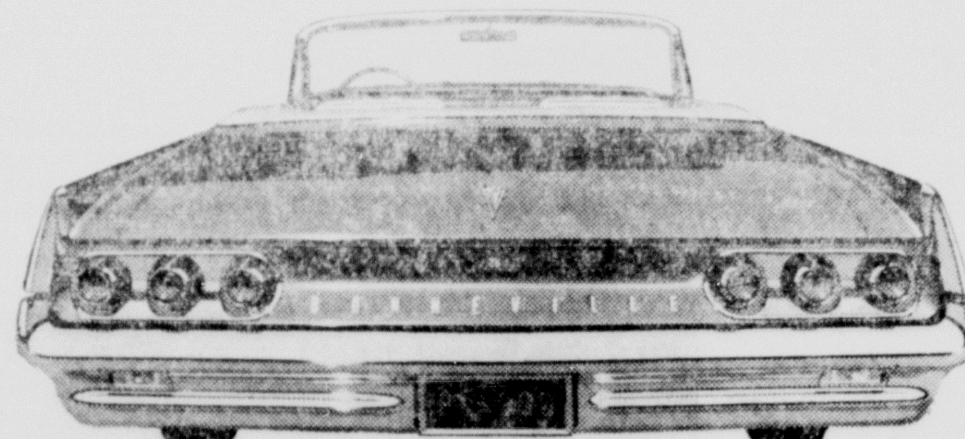

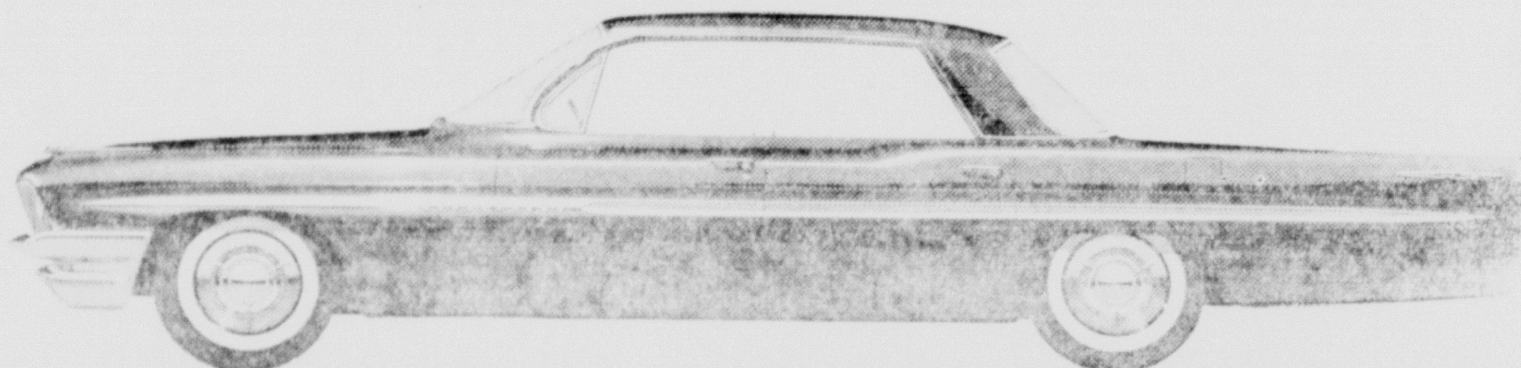

Dillon is an excellent ball handler, accurate passer and as rough as they come for his size to put it mildly.

Griswold was a second team, all - district end last year and will be competing with Roy Wohleb for his offensive spot. He's a senior and weighs in at 170.

GAME RECEIPTS

Receipts for the Cameron vs Georgetown football game Friday night totaled \$967.25 from 1235 paid admissions according to the office of school superintendent Dr. Earl Knebel. Expenses for officials totaled \$84.80 leaving a net of \$882.45 with Cameron receiving \$441.22.

THE '61 PONTIAC IS OUT TODAY!

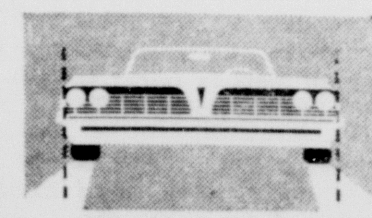

It's All Pontiac!
on a new Wide-Track!

New track-to-body proportion! The track is the width between the wheels. Pontiac's only Wide-Track car. Body width is reduced, shaving side overhang, balancing more weight between the wheels. Best relationship of body width to wheel width ever tailored. Lean and sway are ancient history.

Announcing the new Pontiac Trophy V-8 Engine! We've improved the engine the experts said was perfect. New fuel induction system saves gas by using more air in the gasoline mixture. This makes the engine breathe more efficiently, giving you better acceleration. Eleven versions to choose from. Horsepowers range from 215 to 348. For best economy, specify the Trophy Economy V-8. Its lower compression ratio lets you use regular gas.

More headroom, legroom, footroom for greater comfort! You'll take great comfort in the extra room we've built into the '61 Pontiac. Seats are higher, yet there's more clearance beneath the steering wheel and more hatroom over your head. There is more legroom, more footroom. Doors are wider and designed to swing open farther. The more highway you put behind you (Pontiac specializes in this) the more you'll appreciate the new room that's all around you in this sleek new '61.

THE ONLY WIDE-TRACK CAR! Body width trimmed to reduce side overhang. More weight balanced between the wheels. No other car hugs the road with such sure-footed stability and precision.

ISN'T THIS YOUR BIG YEAR FOR A WIDE-TRACK PONTIAC? IT'S ALL PONTIAC!

William Kamenicky, Native Of County, Buried Here Sunday

William Kamenicky, 65, died in a local hospital last Thursday. Funeral services were held Sunday at 2 p. m. in the Marek - Burns Funeral Home with the Rev. John Geiser and the Rev. Alfred Kallos officiating.

Burial was in St. Monica Cemetery.

A native of Milam County, Mr. Kamenicky was born in Buckholts March 12, 1895, and had operated a farm until his death.

Survivors include his wife, Mrs. Annie Kamenicky of Cameron; three sons, Edwig Kamenicky, Cameron, Raymond Kamenicky, San Antonio, Calif., and Arthur Kamenicky, El Paso, Miss.; one daughter, Mrs. Lillie Poyham of Rockdale; four brothers, Rudolph Kamenicky, John Kamenicky, Adolph Kamenicky, all of Cameron and Emil Kamenicky of Buckholts; two sisters, Mrs. Clara Palmer of Buckholts and Mrs. Annie Ermis of Cameron and 13 grandchildren.

Palbearers were Marvin Kamenicky, Vince Ermis, F. E. Ermis, Richard Kamenicky, Frank Kamenicky and R. B. Kamenicky.

Battetown Baptists Observe Laymen Day

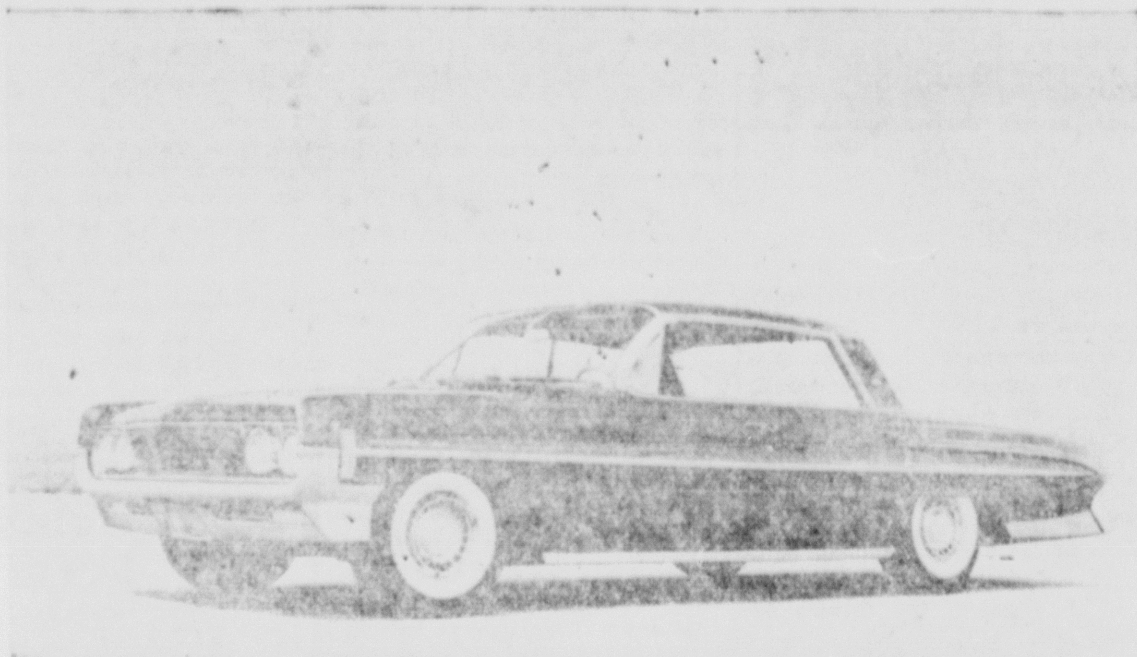

The Battetown Baptist Church will observe Laymen's Day Sunday according to Rev. Loyd Burleson, pastor.

The men of the church will be in charge of both services Sunday including special music. Activities will begin with a breakfast for laymen Sunday morning at the church. The program is to emphasize the need for greater layman interest in the work of the church.

Deborah Brashear In 'Local Gang Comedy'

Deborah Ann Brashear, six-year-old daughter of Mr. and Mrs. J. C. (Blondie) Brashear, will appear in a short movie feature "Local Gang Comedy" which will be shown Sunday at Interstate's Arcadia Theatre in Temple.

Deborah participated in one of a series of films which were made throughout the country by Melton Baker. The films will be edited later and made into a children's comedy television show.

NEW OLDSMOBILE — The new full size Oldsmobile, on display today at Mitchan Motors, has a completely changed body style. The Super 88 Holiday

Sedan, shown above, has a Dynamic 88 Rocket engine with 250 Horsepower. It operates on lower cost regular fuels. Olds is available in 18 models this year.

1961 Oldsmobiles Incorporate Great Changes In Styling, Design

The 1961 Oldsmobile Dynamic 88's, Super 88's and 98's in eighteen different models incorporate the greatest changes in styling and design to be introduced by the division in many years. It was announced today by Jack F. Wolfram, vice president of General Motors and general manager of Oldsmobile. The new line of cars will be introduced to the public at Mitchan Motors today.

"In addition to their completely new, fresh and distinctive look, many design changes for passenger comfort have been made to make the 88's and 98's more attractive than ever before," Wolfram said. "Head room is increased, the cars are much easier to get in and out of, and seating comfort is greatly improved."

"This, together with many mechanical advancements, makes the 88's and 98's the most alert, best performing, most comfortable and smoothest riding and handling cars in the division's history," he declared.

"Oldsmobile's market has been widened — we are no longer limited by price class," Wolfram said. "Our new Dynamic 88's Super 88's and 98's will please the many, many people who need the beauty, comfort, utility and prestige of a full-size Oldsmobile."

"The smaller F-85, Oldsmobile's entry in the low-price field," he continued, "will attract the

many, many people who have always wanted an Oldsmobile but never thought they could afford one — up until now."

Highlighting the styling motif, the sculptured sides of the Dynamic 88, Super 88 and 98 sweep back from the distinctive, alert-looking front end, with the profile tapering at the rear — styling that is unmistakably Oldsmobile. Excluding convertibles, a total of eight different roof designs is featured on the various models within the three series.

"In 1961," he added, "we have taken a most important forward step toward more spectacular and glamorous interiors."

Oldsmobile's Dynamic 88's Super 88's and 98's will feature interior fashions of sensational decor — utilizing brighter, newer, more modern fabrics, color — harmonized with exterior finishes and patterned for utility, glamor and elegance.

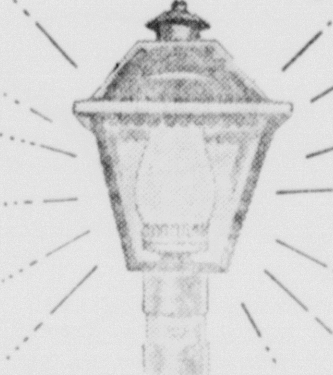

"Even in the economical Dynamic 88, the new interiors compare with those available only on high price class cars a few years back," Wolfram stated. "Interior trim for the Super 88 is even more smartly fashioned while the 98 interiors are the most elegant of all."

"The bodies for the Dynamic 88 and the Super 88 have been completely redesigned," he continued.

"And the new body for the Classic 98 has distinctively different styling characteristics which give it strong series identification. Distinctive roof line, grille, side moulding and rear end treatment establish the 98 as the top of the line," he added.

Mr. and Mrs. Johnny Stephens of Houston visited her parents, Mr. and Mrs. Carl Weems and his parents, Mr. and Mrs. Stephens over the weekend.

Something New ... Khrushchev's Dilemma

Courage, a quality even brutes understand, brought a standing ovation at the UN early this week.

UN delegates from some 100 nations applauded Secretary-General Dag Hammarskjöld's statement refusing to vacate his post. And this statement of conviction and courage came in the dark hour of Nikita Khrushchev's repeated demand that the veteran Hammarskjöld resign.

The Russian dictator chose to go on the attack once again after Communist infiltration was stopped in the Congo. He was met head on by Hammarskjöld's refusal to submit to big power pressures.

In witnessing the stand, the UN found new heart to face off against the tyrannical demands of Khrushchev and his kaboodle of satellite representatives. When the Russian puppet, Kadar, rose to address the Assembly, about half of the delegates walked out, a silent protest to the Red Army smash of Freedom Fighters in Budapest in 1956.

Khrushchev has met an obstacle bigger than his threats. He has collided with the tenacity of purpose and devotion that has all but been quashed in Communist China and Russia.

After the question of admitting Red China is voted, Khrushchev no doubt will make motions of continuing his endorsement of the UN. If Red China is not admitted in the next vote, he may actually move to organize a communist international forum with headquarters in China or Russia. But what will he have? He knows well that his rubber stamp ministry will do little to influence a free argumentative United Nations. Neutral nations such as India, Egypt and Yugoslavia, regardless of their political leanings, will find an excellent comparison if they were to send representatives to both. And Khrushchev is balking now in the UN because comparisons have brought out truth and failure concerning Communism in the Congo.

Khrushchev can hardly organize against the UN without throwing neutrals into the Western, not Eastern orbit. His is a frustrating lot. Proof of this is a statement that he will talk with the new American president.

Hammarskjöld's statement has been a turning point. It is one upon which Khrushchev must keep at least one foot. And the longer he twists and turns the sooner neutral blocs and new African nations will see Khrushchev's dilemma.

Texas Can't Afford Traffic Losses

By Vern Sanford

AUSTIN — Neither Texas civilians nor the armed forces can afford the losses incurred through traffic accidents involving military personnel in the state.

On this note, the Texas Military - Civilian Traffic Safety Council was formed in Austin with a goal of reducing the accidents.

About 200 persons, civilian and military, attended the Council's first meeting, called at the behest of Gov. Price Daniel.

Servicemen have more auto accidents than any other population group in Texas, said Col. Homer Garrison Jr., director of the Department of Public Safety. Last year servicemen drivers were involved in 103 fatal accidents in which 130 persons were killed.

A great many of the servicemen in Texas are in the 18 to 25 year old age bracket, said Gen. Edward T. Williams, Fourth Army commander. People in this age bracket generally are the most inclined to have auto accidents.

Gen. Williams urged vigorous enforcement of traffic regulations so that the driver knows he will be caught and punished if he breaks the law.

Brad Smith, director of the Gov-

ernor's Highway Safety Commission, outlined the five-point program recommended by the governor to improve highway safety.

1. Driver education for all high school students.

2. A law to permit chemical tests to determine if a driver is intoxicated.

3. At least 200 additional highway patrolmen.

4. Revision of the drivers license law.

5. A system of traffic courts.

WATER PROGRAM STUDIED
Texas 7-man Water Development Board is considering whether to ask the next Legislature to expand and liberalize its program of lending financial aid to local water projects.

Decision is to be made at the Board's Oct. 28 meeting.

Board presently has authority to issue \$100,000,000 in bonds and use the money to make loans to local governments for water conservation projects. Loans are limited to one-third the cost of the project and cannot be more than \$5,000,000 for any one project.

Under study is whether to ask the Legislature to step up the program by authorizing the Board to lend as much as \$15,000,000 per project and to issue another

\$100,000,000 in bonds to purchase water storage space in federal reservoirs.

When the Board was created, the law provided that another \$100,000,000 in bonds could be authorized by a two-third vote of the Legislature.

DANIEL HONORED

Governor Daniel is the newly-elected chairman of the 16-state Southern Governors' Conference. He is the second Texan in a decade to head the group. Former Gov. Allan Shivers was chairman in 1951-52.

Conferences are devoted to the study of problems which the member states have in common. This year the protection of home industries against ruinous competition from imports has been a prime issue.

Governor Daniel said he felt much could be accomplished by the conferring governors "if we stand together."

Rogers High To Present Vikings In Program Wed.

The Rogers High School Student Council will present for the first time in Central Texas "The Vikings," October 11 at 10:45 a. m.

The Vikings - Anita Boskar, Rune Boskar, Christina Boskar and Gunnar Kvarnheim have returned to the United States for their second coast to coast folk - dance and folk - song tour. These four young people were flown in by Southern School Assemblies, str-

ight from "The Land of the Midnight Sun" into "The Heart of Texas."

This group was chosen among hundreds of folk - dance contestants as a winner in Scandinavia. They were widely acclaimed on their university tour of the State of Minnesota as "the ambassadors of the old American - Scandinavian friendship."

The Vikings bring alive the old and new dances from the Arctic and the Far - north in a program that is fast, vivid and meaningful.

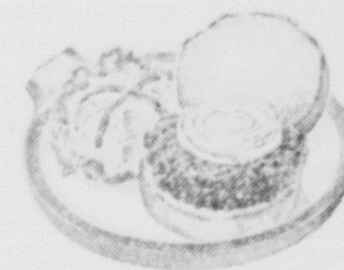

Everyone is welcome to come to the show. Admission will be ten cents for students in the first five grades and fifteen cents will be charged for everyone else.

Cadillac

FOR NINETEEN SIXTY-ONE

Above: the Fleetwood Sixty Special. Below: the Series Sixty-Two Sedan.

A NEW INSPIRATION FOR THE MOTORING WORLD

You are looking at the completely new Cadillac for 1961—a motor car that will inspire the automotive world for years to come.

While unmistakably Cadillac in stature and in majesty, it represents a totally new concept in fine car design.

Its graceful silhouette reveals less over-all length and increased head room. Its delicately formed roof lines provide an almost uninterrupted panorama of vision—while a crisp, new

sculptured design of front, rear and sides confers a degree of distinction that is entirely new to motoring.

Beneath this visual elegance resides a host of dramatic engineering advancements—an even finer, quieter and smoother-performing engine... an entirely new front suspension system... a lubrication-free chassis... wonderfully improved steering and braking... and greatly increased maneuverability and handling ease.

This new world of motoring pleasure has been interpreted in eleven individual body styles—each with an exceptionally wide selection of beautifully crafted and appointed interiors... and an unusually generous choice of accessories, fabrics and colors.

Your dealer will be proud to introduce you to the entirely new 1961 Cadillac at any time. We sincerely believe that you will find it an inspiration in motor car quality and goodness.

VOTE FOR TEXAS

RICHARD M. NIXON, candidate for President, is a Californian, but he thinks the Texas way. Richard Nixon stands for:

• A strong national economy and defense so that America will not have to apologize to Khrushchev for anything;

• A sensible farm program that will attack and solve the present problems.

• Texas retaining its tidelands, and a tax policy favorable to Texas.

• Local control of our schools.

If you will read and compare Nixon's platform to that of his opponent, you will agree that a vote for Nixon is a vote for the best interests of Texas.

Marianne Hare Nathan Offield Plan Wedding

Mrs. Charles Edmondson, Mangum, Okla. is announcing the engagement of her niece, Marianne Hare, Oklahoma City, to Nathan A. Offield, lieutenant in the U. S. Army, stationed at Ft. Bliss, Texas. She is the daughter of the late Mr. and Mrs. Floyd Hare and Lt. Offield is the son of Mr. and Mrs. Burford Offield of Rockdale.

Miss Hare graduated from high school in Mangum, Okla. in 1956 where she was a member of Sub Delta social club and Future Homemakers of America. She attended Oklahoma City University for three years, majoring in speech and drama and was active in College Players. For the past year she has been employed in Oklahoma City by the Oklahoma City Shipping and Inspection Bureau as secretary.

Lt. Offield is a graduate of Yoe High school and Texas A&M. Since graduation, he has served two years in the army.

The wedding will be in the First Methodist Church, Mangum, Oklahoma at 7:30 p. m., October 5. The Rev. Brodace Elkins, pastor of the First Methodist Church, Bartlesville, Oklahoma and uncle of the bride, will officiate.

Marak PTA Hear Civil Defense Talk

The Marak PTA held its first meeting of the 1960 school term September 14 at 7:30 p. m. The meeting was opened with a prayer led by the president.

Cornelius Tittsworth was the guest speaker. He spoke on Civil Defense and showed a film on survival from radio - active - fallout.

A business meeting was set for September 28 at which time plans were made for the civil defense course to be taught in Marak.

Mrs. Anton Vrozel was appointed room mother for the primary room. Mrs. Rudolph Tepera was also appointed as a room mother.

Mrs. Frank Mikulec was appointed Year Book chairman. Mrs. August Hubnik, Mrs. Joe Vanza and Mrs. Frank Vanza were appointed program committee and Mrs. Theodore Mikulec reporter.

Programs Reviewed For History Club

The Cameron History Club held their first meeting of the season last week at the home of Miss Mildred Thornton.

Yearbooks were presented and the club year theme "Dreamers of American Dreams" was discussed by Mrs. Roy Law. The program planned for the study group will feature biographies of histories famous Americans.

Mrs. James Watson, outgoing president, presented the newly elected presiding officers, Mrs. K. K. Robbins, Mrs. John Henderson Sr. served as secretary for the business meeting.

During the social hour punch, salad and cake were served.

TOO LATE TOO CLASSIFY

Furnished Apartment, see Ann Heinrichsen at 114B Lamar Ave. 28-41c

Mr. and Mrs. Wilburn DuBois Jr. announce the engagement and approaching marriage of their daughter, Diane, to Mr. Richard James Newland of Bryan. Wedding vows will be solemnized October 22 in a private ceremony at St. Monica Catholic Church. Mr. Newland is the son of Mr. and Mrs. R. J. Newland of Bryan.

Mrs. Davis Hosts Davilla HD Club

The Davilla Home Demonstration Club met at the home of Mrs. Lester Davis.

There were six members present and three visitors Mrs. Edward Walker, Mrs. Willie Stigall and Mrs. J. R. Cummings.

The afternoon was spent making hats.

The next meeting will be at Mrs. Bunkers all members are asked to have their annual reports filled out to be handed in to council on October 19.

Eastern Star To Hold Meeting

The Cameron Chapter of the Order of the Eastern Star will have its regular monthly meeting in the Masonic Temple on Tuesday, October 11, at 8 p. m.

Mrs. Maude Ryan is Worthy Matron and Walter Lester is Worthy Patron.

Hostesses will be Mmes. Jewell Williams, Mary Houston, Myrtle Keith and Kathryn Chandler.

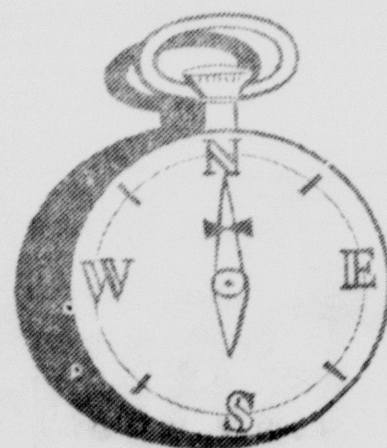

Mrs. Foster Gives Delphian Program

The Cameron Delphian Club met Tuesday afternoon at the home of Mrs. E. A. Perrin with Mrs. Leonard Green Sr. as co - hostesses.

Mrs. Robert Foster presented the program "Texas In Today's World," pointing out the changes that have taken place in industry and rural life in recent years.

Following the program a salad plate was served to members including one new member, Mrs. Jewel Strong.

RCA Whirlpool Kitchen Of Future Featured At Fair

Texas homemakers will have an opportunity to see the all - new RCA Whirlpool Miracle Gas Kitchen to be presented by the Lone Star Gas Company in the General Exhibits Building at the State Fair of Texas, October 8-23.

The different, utterly workfree "kitchen of the future" features gas appliances that perform miracles never before thought possible. They heat, cool and purify the air; refrigerate, prepare, cook mix and blend food; do the laundry; dispose of food and trash waste quickly, quietly and odorlessly and dozens of other tasks - all by gas!

In the "kitchen of the future" it will no longer be necessary for the homemaker to be tied to the sink and stove. Eliminated also will be the long hours spent peeling, cutting and mixing foods. So will scraping, washing, drying and putting away all the paraphernalia of preparing and serving a meal.

In the new RCA Whirlpool Miracle Gas Kitchen, all this will be done automatically, completely and quickly.

A gas rotisserie which cooks with infra - red rays revolves to face either the interior of the kitchen or the patio. A touch of a button rotates the laundry center to bring into view a beverage bar which dispenses a variety of soft drinks and ice.

A concealed gas infra - red oven descends from the wall at the wave of a hand and a Magic Meal Maker transports selected frozen foods from an under - counter freezer to an elevator gas oven which heats them to the proper temperature and delivers them to the homemaker's hands.

Dishes are washed and stored in a gas portable unit. The unit propels itself to the table when the homemaker loads the dirty dishes. It rolls back into position and the dishes come out clean. The servacart also continues a beverage cooler, toaster and power plug - in - all gas.

The kitchen's gas refrigerator lowers to a convenient level for selecting foods you want merely by the wave of a hand. One com-

partment is for regular foods, the other with special temperatures for keeping eggs, vegetables and similar items. No need to worry about frost, for there are no coils on which frost can form.

Hamburger lovers will cook on a easy - to - clean flush surface that looks like large ceramic squares. There are no grids and the flame is not seen. The entire unit may be concealed under the surface. The secret of this actual operating appliance is the power burner, a device which mixes air and gas before combustion.

Another gas surface cooking unit featured in the "kitchen of the future" is the RCA Whirlpool Portaburner, which may be moved about the kitchen and plugged into any one of a number of strategically located gas convenience outlets.

Through the advanced technology of the Whirlpool power burner, an almost instantaneous and continuous supply of hot water is provided in the kitchen. A powerful gas flame, which rises under the coils through which the water flows, produces previously impossible efficiencies.

Above the water chater is a sink which features a retractable faucet and provides water at any desired temperature at the touch of a button.

In addition to the Miracle Gas Kitchen, Lone Star will have exhibits at the Gas Building and the Women's Building at the Fair, featuring a Blue Star Gas Kitchen, the Italian gas kitchen - patio inspired by the Neiman - Marcus Co. Fortnights, built - in and free standing gas ranges and the complete story of modern natural gas service - from wellhead to burner - tip.

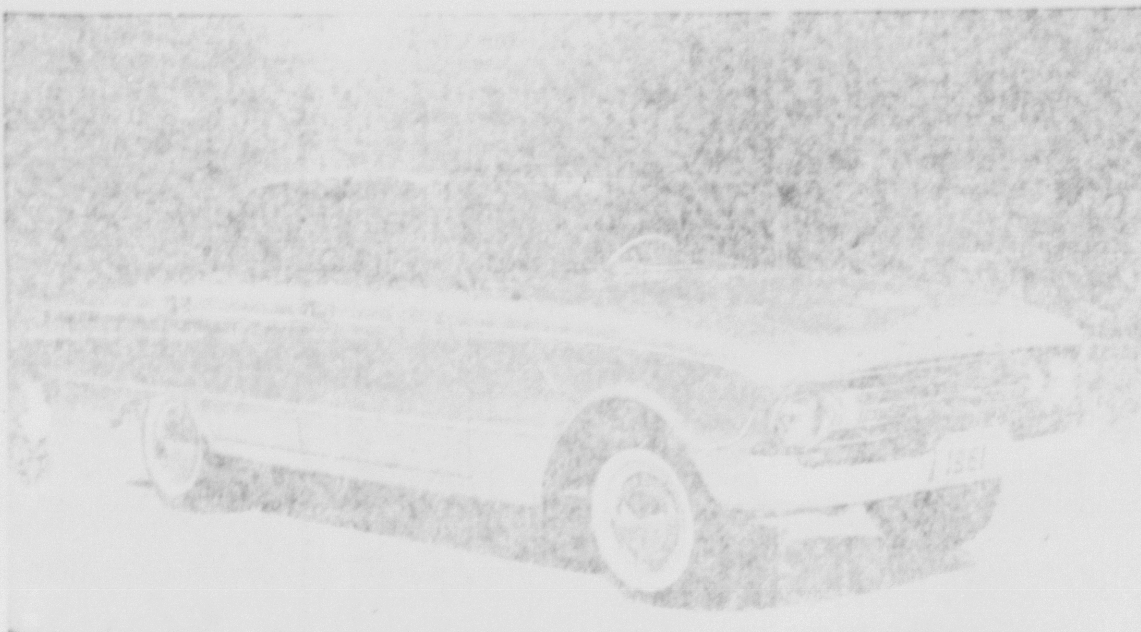

Modern Range Gives Smokeless, Times Broiling

A modern gas range gives smokeless broiling. It's a simple and easy process. No special pans are required to prevent smoking. The gas broiler produces smokeless cooking with the broiler door closed.

A gas broiler is smokeless because any smoke from cooking foods goes right into the live flame and is consumed. On a gas range broiling is done with the broiler and oven doors closed. With these doors closed, heat is not released into the kitchen.

All the homemaker need do is place the meat in the broiler, set the cooking time as desired and a steak broils merrily to a beautiful brown, juicy, tasty, delight. No watching is required.

Broiling is a method of cooking by direct heat and the live gas flame is best equipped to do the job. With the flame - kissed flavor of gas - broiled meat unmatched by any other cooking method. In other words, the modern gas range provides the best way to broil a better steak. With an automatic gas range you can bake and broil at the same time because the oven and broiler are separate compartments.

THE 1961 FORD FALCON features a new convex-shaped aluminum grille and new optional, 101-horsepower engine, but preserves the styling, maneuverability, interior roominess and 23.7 cubic-foot luggage capacity of the 1960 model. Shown above is the 1961 Falcon Fordor Sedan.

Falcon Provides Big-Car Room

The Ford Falcon enters the 1961 model year with a proven record of all - around economy leadership, six - passenger comfort, handling ease and dependable operation, and introduces a new 101 horse power performance option - the Falcon 172 Special engine.

In its first year, the Falcon established itself as the standard of American compact cars," James O. Wright, Ford Motor Company vice president and Ford Division general manager, said. "No other car ever achieved the

first year success to equal the Falcon's sales of nearly a half million since it was introduced in October, 1959," he added.

"The 1961 Falcon has a new convex - shaped aluminum grille, but preserves the styling and inside - outside dimensions of its predecessor," Wright said. "That means the Falcon will continue to offer full six - passenger seating room, the feel and maneuverability of a sports car, and a 23.7 cubic - foot trunk to carry luggage in real vacation quantities."

In addition, he pointed out that numerous durability improvements in the 1961 Falcon will result in greater savings and less inconvenience to Falcon owners. Among these improvements are the thicker anodizing on the aluminum surfaces, double-wrapping of the aluminum muffler, galvanizing of additional underbody parts for greater rust and corrosion protection and more efficient use of washings steel the parts such as the new hub caps.

The 1961 Falcon, being introduced today at Bailey Siedman Motor Co., Cameron, will be offered in four models - two and four door sedans and two - and four door station wagons.

The Falcon has firmly established its fuel economy reputation by delivering up to 30 miles per gallon of gasoline. Recommended oil change interval with the Falcon's Sulf Flow oil filter is 4,000 miles.

"For those who want increased performance - about 15 per cent better than the standard 85-horsepower, 141.3 cubic inch engine - Falcon will offer an optional 170 - cubic - inch, six - cylinder engine that is rated at 101 horsepower," Wright said.

Both Falcon engines operate on regular grade fuel. Both Falcon Sixes also have a new "snorkel type" air cleaner that results in quieter operation, more uniform air flow and smoother high speed engine operation. Engine front covers are cast from aluminum for better sealing.

A new, pional automatic choke also is available with either Falcon engine.

Two transmissions - three-speed manual shift and Fordomatic - can be matched with either the standard or optional engine. Hea-

Toaster Design Applied To New Norge Gas Broiler

Why broil food? Ask an expert cook and the distinctive flavor and juiciness of properly broiled meat, chicken, or other foods will be cited.

Ask an expert on nutrition and the healthful qualities of broiled foods will come to the fore. This comparatively fat - free method of preparing food usually is recommended for children or persons on a restricted diet.

Broiling, a dry heat method, directly exposes the food to radiant heat. The source of heat can be a gas flame, or glowing coals.

Now the "both sides at once" principle used in an automatic toaster has been adapted for a gas range by the Norge Division, Borg - Warner Corporation.

What does this accomplish besides making broiling faster?

Mrs. Jessie Cartwright, Norge home service director, cites these advantages of the vertical, "both sides at once," broiling innovation?

1. More juice is retained in the meat than in horizontal one - side - at - a - time broiling. This improves flavor, reinforcing one of the two main reasons for broiling - the resulting tastiness.

2. Meat shrinkage is reduced. Norge tests show the weight loss is reduced to a minimum.

3. Eye appeal of the food is improved. In horizontal broiling, for instance, it is difficult to keep edges of ham steaks from curling and juices from burning. This problem is eliminated in the ver-

tical broiling method introduced by Norge. The meat is fastened in place in the rack and broiling time is much shorter.

4. Mechanical advantages of this method of broiling are numerous. Exact controls permit setting the broiler for a period to produce steak rare, medium, or well done, for example, and it doesn't need to be turned or examined during the cooking period. Perfection is practically insured.

In addition to these food - wise advantages, Mrs. Cartwright says the vertical broiler overcomes the primary objection to broiling: the unpleasant job of cleaning a messy broiler pan. Here there is none.

Furthermore, the door remains closed for true smokeless broiling, with a cooler, cleaner kitchen, she adds.

She recommends salt seasoning after steaks or chops are done, but suggests brushing poultry or fish with butter or other basting liquid before placing it in the vertical rack.

To baste while broiling is underway, the rack can be pulled out, rested on a tray provided, and barbecue or other sauce spooned on in customary fashion.

Vertical broiling invites simultaneous preparation of vegetables or other foods which thrive on meat fat seasoning. Vegetables can be placed in a casserole dish which slides under the vertical broiler, and they can be flavored by the meat as they heat. These ve-

Cameron PTA To Meet
The Cameron Parent Teachers Association will meet Thursday, October 6 at 7:30 p. m. in the Reg Miami Cafeteria. Theme for October is "Family Weather, Fair? Cloudy? Unsettled?" Guest speaker will be Robert Tolland, of the Brazos County Youth Counciling service. Founders day will be recognized.

Homeroom 6C Officers
Barbara Jackson was elected president of homeroom 6C and Steve Smith was named vice president. Officers elected were Jack McKinney, secretary - treasurer and Kay Geiner, reporter. Homeroom mothers are Mrs. Lavert McKinney and Mrs. James Wilkinson Jr.

vegetables should be cooked previously, and placed in the pan for heating and flavoring only.

Sliced, cooked sweet potatoes can acquire added flavor from ham or chops. To speed meal preparation, use canned sweet potatoes. Sprinkle them with brown sugar as usual but do not add butter as the meat fat will suffice. French cut green beans can be readied similarly while ham is broiling.

Mrs. Cartwright also suggests a combination of sauerkraut and spareribs. Place the ribs in the broiling rack and canned sauerkraut in the pan beneath. Sprinkle the sauerkraut with two tablespoonsful of sugar and one teaspoon caraway seeds. Barbecue sauce can be spread over the sauerkraut if desired.

The spareribs should be basted with sauce the last five minutes of broiling time.

Cub Scouts 213 Receives Awards

Cub Scout Pack 213, sponsored by the Cameron Lions Club, held their monthly Pack Meeting Sept. 27 at Simon - George Hall. The meeting was opened with a Flag Ceremony followed by a report to the parents on the trip the Cub Scouts took to the Baylor - Colorado football game.

Awards presented at this meeting were: Timmy Tucker, and Bill Ferrin, Bobcat; Monty Humble and Douglas Marburger, the Wolf Badge; Will McIntosh a silver arrow point; David Hurtik 2 silver arrow points; Larry Owings a 2 year service pen and a two year perfect attendance pen; Mark Meyer a silver arrow point, one year perfect attendance pen and a two year service pen.

Ronnie Prokisch, Dwight Jekel and Richard Anderson received 2 year service pens; David Edwards a silver arrow point, two years service pen and two years perfect attendance pen; Buckey Wilkerson a three year service pen; and Mrs. Pearl Wilkerson a three year service pen for Den Mothers.

New Control On Gas Range Provides 'Oven - With - A - Brain'

A gas oven control which keeps foods warm without continued cooking is one of many automatic features available on most new gas ranges.

The new control makes the oven an "oven - with - a brain." This name was picked because the oven control closely parallels the popular surface burner control, "burner - with - a brain" in accurate, automatic temperature control.

Gas ranges with the new oven control are available now. Special prices and liberal trade - in allowances on used ranges are being offered through November during a special campaign called "Range Round Up." The campaign is being conducted by gas range dealers and Lone Star Gas Company.

For the first time in cooking history, accurate temperature control down to 140 degrees is possible, an exclusive gas feature. Tests show this is the ideal temperature for keeping food warm without continued cooking. Your dinner can be delayed for several hours, then served without losing its original flavor and appearance.

With the new oven control a roast cooked medium - rare will still be medium - rare several hours later. It can even be curved, arranged on a delicate china platter, returned to the 140 degree oven and still be pink and tender when served.

The oven is a boon to users of frozen foods. A 7-pound turkey, for example, can be completely thawed in 2½ hours, rather than the usual 28 hours in a refrigerator or 14 hours at room temperatures.

The "oven - with - a - brain" also will reach the higher temperature settings of 500 degrees plus which are necessary for quality baking results. Now you can "set it and forget it" such that everything is under control.

Ben Arnold Ben Arnold Baptist Church Elect New Officers, Teacher

The Baptist Church has elected new officers for the new association year and they are:

They are: Mrs. Kathleen Swanzy, pastor; Sonny Swanzy, music leader; Leland Burnett, treasurer; Mrs. Ruby Swanzy, clerk; Mrs. Kathleen Swanzy, adult S. S. teacher; Nancy Dornier, S. S. Secretary; The pastor and Sonny Swanzy, intermediate S. S. teacher; Mrs. Ruby Swanzy, Junior S. S. teacher; Mrs. Leland Burnett, Primary S. S. teacher.

Beverly Talafuse, Training Union Secretary; The pastor and Sonny Swanzy, Intermediate TU leader; Mrs. Ruby Swanzy, Junior leader; Mrs. Myrtle Dornier, primary leader.

Weekend guests of Mr. and Mrs. Walter Strickler were Mr. and Mrs. Henry Cramer and Mr. and Mrs. Lee Hall on Sunday night.

On Sunday their guests were Mr. and Mr. Richard Heugatter and sons of Houston; Mr. and Mrs. Fritz Gregor of Oenaville; Mr. and Mrs. Ralph Kuhn of Westphalia.

Mr. and Mrs. Walter Strickler visited Mr. and Mrs. Herman Dornier Sr. on last Saturday.

Mr. and Mrs. Roy Garrett and family of Victoria visited relatives here and in Bryan over the weekend.

The Intermediate class and their guests of the Baptist Church enjoyed a weiner roast and hay ride last Saturday night.

Mr. and Mrs. James Ray Eanes and children of San Antonio spent the weekend with his parents, Mr. and Mrs. J. V. Eanes and other relatives.

Lancers Complete In Size Economy

Dodge's spirited new entry in the compact car field - the 1961 Lancer - is on display today at Schiller Motors in Cameron.

Dodge General Manager M. C. Patterson said today the new Lancer competes in size and economy with the compacts introduced last year but rivals standard-size cars in performance, comfort, convenience and handling.

"The Lancer is a small car with a big car ride," Patterson said. The new compact is nearly two feet shorter and 700 to 800 pounds lighter than conventional cars in low - price field.

The Lancer is the second new car to be introduced by Dodge within a year. Last fall the company invaded the standard low-price field with its popular, 118-inch - wheelbase Dodge Dart. The Lancer has a wheelbase of 106½ inches. Prior to introduction of the 1960 models, Dodge marketed only medium - price automobiles.

The Lancer features wide use of aluminum to reduce weight. It also offers two highly economical, six - cylinder, front - mounted engines and a host of under-the-hood mechanical refinements. Favorable weight distribution and a low center of gravity, combined with famed Torsion - Aire suspension, gives the new small car its big - car ride.

The trim new compact is offered in seven models in two series: taxi model, 2 - door sedan, 4 door sedan and 4-door station wagon in the lowest - price "170" series; and 2-door hardtop, 4-door sedan and 4-door station wagon in the deluxe "770" series. Eight basic colors are offered - medium blue, green and gray in metallic enamel, and red, light blue, light green, black and white in non - metallic enamel. The stylish 2-door hardtop - one of the first hardtop models to be introduced in the compact car field - is available in both solid colors and 14 two - tone color combinations.

More big - car features are available on the Lancer than on most compact cars. These include air conditioning, power steering and brakes, pushbutton automatic transmission, heater, radio and luxurious paneling, upholstery and floor carpeting.

Patterson said the Lancer is styled with "a look of directed motion - with its lines flowing forward in a dart shape." This styling theme was achieved, he said, by giving the car a long hood and a clear, fast - sloping rear deck.

The grille, hood and bumper thrust forward in a "V." The grille is composed of fine, horizontal lines of rolled stainless steel that extend outward to form a background for the dual headlights. The car has wrap - around front and rear bumpers. Circular parking lights are recessed below the front bumper. The design is functional, clean and classic.

The distinctive front fender sculpturing flows into the front door, and the Lancer name (plus a medallion in the 770 series) is in block letters on the door.

The doors of the Lancer are large and reach into the roof line. They open wide to provide easy entrance. The windows are also large, extending well down the doors sides. Interior head and leg room dimensions exceed many of the larger, standard - size models.

Tappan Has 4 New Gas Ranges

The Tappan Company announces the addition of four new gas ranges to its line. Just introduced are: a 20 - inch apartment size cooker, a 30 inch and a 36-inch range and a new kitchen heater series.

Quality and good looks are apparent on even the smallest Tappan range, the apartment size cooker. Equipped with four Sizzle 'N Simmer burners that are unmatched for speed and efficiency the "Built - In" look with its 'tq-matchless oven and smokeless swing - out broiler. A new chrome-bordered back panel incorporates the "Built - In" look with its square corners. This small but mighty Gold Ribbon range has all the easy to clean features bigger ranges have: Titanium porcelain, lift - out over bottom guaranteed for the life of the range and a one piece top for easy cleaning of spills.

The new 30 - inch and 36 - inch ranges just brought out by Tappan feature new backguards with clock and timer, a visaguide chart, a top light and an appliance outlet. The divided cooking top with four Sizzle 'N Simmer burners, one with a Set 'N Forget Vari - Flame control, provides a handy work area. This deluxe Gold Star range has a large all chrome oven with a removable, life time guaranteed, oven bottom. For cleaning

ease, the Visualite oven door can be lifted off. A matchless smoke-free broiler with chromium plating pulls all the way out for easy access. The 36 - inch model features a large handy double - deck storage compartment. Both ranges have porcelain coated one piece chassis for long life.

Tappan's newest Kitchen Heater has a thermostatically controlled heater with 100 per cent safety shut off and is rated at 36,000 B. T. U. providing exact room temperature all day. The handsome gray honeycomb patterned back panel has an electric clock with timer and an appliance outlet. One of the four Sizzle 'N Simmer burners is equipped with a burner with a brain.

Mr. and Mrs. Hovis of Temple and family spent Sunday with his mother Mrs. Lula Rogers and sister Florence.

Homemakers Praise Gas Cooking Economy

Budget - wise homemakers are loud in their praise of the modern gas range. Numerous factors contribute to the over - all economy of gas cooking, but the low the most important.

Uncomplicated construction of gas ranges is a key to the low cost of gas cooking, for gas ranges are easier to build and are therefore less expensive to buy. The lower purchase price puts money right back into the homemaker's pocket.

A gas range is simple to install. No expensive equipment is required. Almost all kitchens are piped for gas, and this alone provides a considerable saving to the purchaser of a new gas range. Set 'N Forget Vari - Flame control. The all chrome oven has a lift off Visualite door and removable door seals and oven bottom for easy cleaning. The smokeless broiler swings out on a hinged door and is matchless.

These models represent the ultimate in gas ranges with features selected to provide a new standard of quality, convenience and performance.

Mr. and Mrs. A. R. Price and little daughter of Dallas spent the weekend with her mother Mrs. D. D. Harris.

Worriers Guide

DEAR JAN: I struck my wife. I thought that I would never do such a thing. She had mouthed all day about what I did not give her and what so n - so had that she didn't. The weather is hot and I got hotter so I hit her and flattered her. I feel so ashamed and I do love her. I love her more than anything in the whole wide world. I do not think she plans to live with me after this. Please help me if you can. What can I say to make that darling woman come home? I need her and would not want to live with out her. Please, please help.

SAD HUSBAND

DEAR SAD HUSBAND: Tell her all the sweet thing you told me about her and she will surely melt in this weather anyway.

DEAR JAN: I always enter the contest in our town and I make the most beautiful canned peaches in the world but I never get the prize. A woman get the prize that is a good friend of the judge. She always bakes him a pie before the judging day. I would bake a pie but I do believe in being fair. Next month is fair time again and I wish that I could win just once as I know that I have been jipped out of it for ten long years. Do you have any suggestions.

WANT TO WIN

DEAR WANT TO WIN: How about a group getting together and getting another judge that is not fond of pie.

DEAR JAN: This may sound silly but it is serious to me. My neighbors bushes have grown over into our yard. It had scraped all the paint off the east side of the house. When I ask the neighbors to trim them they get mad. They do not care if we do have to paint the house. Can I call the law? Would it help? SERIOUS

DEAR SERIOUS: If the bushes grow over into your yard you can trim the side that touches your house. It is awful as it is touching your property. Do not call the police as it would look bad and others would tell you the same thing I have.

GAS OVEN WITH A BRAIN

LET'S YOU COOK AN ENTIRE MEAL READY TO SERVE HOURS BEFORE SERVING TIME

BOOSTER PENNANTS — Lions President Bill Crockett displays a group of Yoemen booster pennants the Cameron civic club is setting for funds to pay for an air conditioner in the new Yoe Field pressbox. Made of plastic, the pennants are easily attached to car aerials, Crockett points out. Members of the Lions Club are selling the pennants and they are available in number of downtown stores.

Williams To Speak Quarterback Club To Host Barbecue

Dr. Rhea H. Williams, State Athletic Director, will be guest speaker for the Cameron annual Quarterback Club Barbecue to be held at the Methodist Fellowship Hall Monday, October 16 at 7:30 p. m.

Dr. Williams has had a long and distinguished career in the field of athletics and education. He lettered in football, basketball and baseball in high school and in basketball and baseball for three years each at Southern Methodist University and was All-Southwest Conference in both basketball and baseball.

He has served as principal and coach at Avery High School, Franklin High School and Director of Health and Physical Education at Pan American College, Edinburg and later held the same position at Southwestern University, Georgetown.

Dr. Williams served with the

Navy for four years earning the rank of Lieutenant Commander before returning to the University of Texas where he received his doctor's degree in 1947. He was also professor of Health and Physical Education at North Texas State

College before accepting his present position in 1948 as State Athletic Director of the University Interscholastic League, the oldest and largest organization of its type in the world.

Forrest Sapp, Quarterback president, stated that the annual dinner would be for Quarterback Club members, the coaching staff, school administrative staff and varsity football players and their fathers.

Services Conducted in Port Arthur For James T. Cone, 52

Funeral services for James T. Cone, age 52 who died in Port Arthur Saturday, were held from the First Presbyterian Church in Port Arthur Monday. Burial was in Port Arthur.

Cone was born in Cameron but for the past thirty years was employed by the First National Bank of Port Arthur and at the time of his death he was first vice president.

He was past president of the Port Arthur school district board of trustees, active in the American Legion, V. F. W., Elks Lodge, Masonic Lodge, member of Port

Mrs. Allen Host
Cameron HD Club

The Cameron Home Demonstration Club met Tuesday in the home of Mrs. T. R. Allen with Mrs. B. D. Clark as co-hostess.

Each member answered roll call by stating their favorite pastime. Mrs. Frankie Ehler gave the council report and Mrs. Lawrence Jetter gave demonstrations on dried floral arrangements.

Plans are being made to attend a Christmas display in Falls County October 18.

Hostesses served cookies and punch to the twelve members and two guests.

Clarkson

Mr. and Mrs. Leonard Doskocil and children visited Mr. and Mrs. Charles Ray Kolring of Rogers Saturday night.

Mrs. Otto Mayer and Mrs. Cecilia McSherry of Burlington visited Mr. and Mrs. Otto Schulz in Cameron Monday.

Sunday guests of Mr. and Mrs. Otto Mayer and sons were Mr. and Mrs. Lawrence Kostroun of Temple. Mrs. Kostroun was honored with a dinner by her mother in celebration of her birthday.

Mrs. Bill Harrison, Mrs. Hubert Skala and Kelvin, Mrs. Louis Skala and Lillie visited in Bryan Thursday with Mr. and Mrs. Charles Burdett.

Zarosky Named Lineman Of The Week At Del Mar College

George Zarosky, Del Mar College linemen of the week by the Dallas Morning News for his performance for Del Mar against Ranger.

He blocked a punt for a safety and kept the pressure on the Ranger backs throughout the 36-8 win over the Rangers.

Robby Elliott, Del Mar back, was given honorable mention for his part in the victory. Elliott, a 1958 graduate of Yoe High, was named little All American last year.

Del Mar is undefeated in their two games this season and are at the top of the standings of the Pioneer Conference. They have amassed 96 points while allowing their opponents only 19. They will play Cisco the leader of the Texas Conference in Corpus Christi this week.

where he previewed the 1961 Buick and inspected the new assembly plant for producing the new-sized Special, the small car Buick will introduce this month.

Yoemen Roll To 28-21 Win

Yoemen fullback Ernest Bayer scored two touchdowns, carried the pigskin for 171 yards and was Cameron's top defensive player as the Yoemen edged out the Georgetown Eagles, 28 - 21.

The score tilted back and forth for both teams throughout the contest as fans were glued to their seats until the last second of play.

Cameron took an early lead midway through the first quarter when Ed Lierman broke around right end for a 40 yard TD run.

Georgetown came back in the second frame with two touchdowns and three extra points. The Yoemen's Bayer recovered a Cameron fumble behind the goal seconds before the first half ended to keep the locals in the game. Halftime count was 22-15 for Cameron.

The Eagles surged ahead with another six points on a two yard plunge by Petrosky to give them their total of 21 points. The Yoemen added an insurance touchdown early in the first period on a 17 yard pass caught by David Barkemeyer.

The Cameron backfield totaled 356 yards rushing to Georgetown's 189. The Eagles intercepted two Yoemen passes that went for touchdowns. Jimmy Petrosky pulled one out of the air on the Cameron 35 and ran it back for the score. Two minutes later Eddie Glasscock intercepted one on his own 47 and went 33 yards downfield for the score.

Cameron's first TD drive started on their own 30 where Lierman, Bayer and Fikes teamed to get two first downs and give the Yoemen the ball on the Georgetown 40.

Ed Lierman carried the pigskin 40 yards downfield on a fake-out play by Woodum that went for 6 points. The PAT kick attempt by Wholeb failed.

Mike Jones gave Cameron the ball on their own 21 yardline after his 47 yard punt. Bayer picked up 7, placing the ball on the 28.

Woodum's attempted pass fell into the waiting hands of Eagle back, Jimmy Petrosky. He ran the ball back 35 yards to paydirt and a 7 - 6 advantage for the Eagles.

Another pass interception by Eddie Glasscock a minute later on the Georgetown 47 gave the Eagles a 15 - 6 lead. Glasscock ran the ball in and out of would be tacklers all the way down the field for paydirt. Jones ran the ball over for two extra points.

The Yoemen took the ball on their own 34 where Bayer broke away for a 41 yard run that gave the Yoemen a first on the Georgetown 20. Lierman got 12 yards and another first while Bayer ga-

rnered for 6.

Bayer then went over from the one yardline to put Cameron within striking distance of the Eagles. A pass from Fikes to end David Barkemeyer was good for two extra points.

A 55 yard drive was climaxed on the one yard line second before the first half of play ended when Bayer again reached paydirt. He recovered his own teams fumble behind the goal for Cameron's 20th point. A pass from Fikes to halfback Earl Morgan was good for two points.

The third quarter saw Georgetown score once from the two yardline. Edgar Wuth rich intercepted a Yoemen pass on the Cameron 25 yardline where he was brought down.

Two runs by Glasscock brought the ball to the two yardline where Jimmy Petrosky carried over for the TD. A PAT pass attempt failed.

A 17 yard pass completion from Fikes to Barkemeyer was good for a touchdown in the fourth period. The kick for the extra point missed. This totaled the scoring at 28 - 21.

Yoemen defenders were on their toes all night. Stanley Kirk, Eugene Schattle, Bret Shumate, Joe Harbor, and Bobby Hillman carried the bulk of the line. Ernest Bayer and Chris Gay backed them up.

Bayer led the Cameron backs with 171 yards rushing, averaging 7.1 in 24 carries. He upped his total season points to 42. Fikes carried 11 times for 81 yards an

average of 7.4.

Lierman garnered 97 yards in 17 carries for a 7.7 average.

For an all-day ride you get more total head, leg and hip room than in the compacts... the same kind of Control Arm suspension as the full-size '61 Buicks. And for git, its new aluminum V-8 and aluminum Dual-Path Turbine Drive* give you twice the pow per pound of most compacts (more even than many full-size cars)! But, the biggest news is that all this is yours for just a whisper above the compacts! *Optional at extra cost

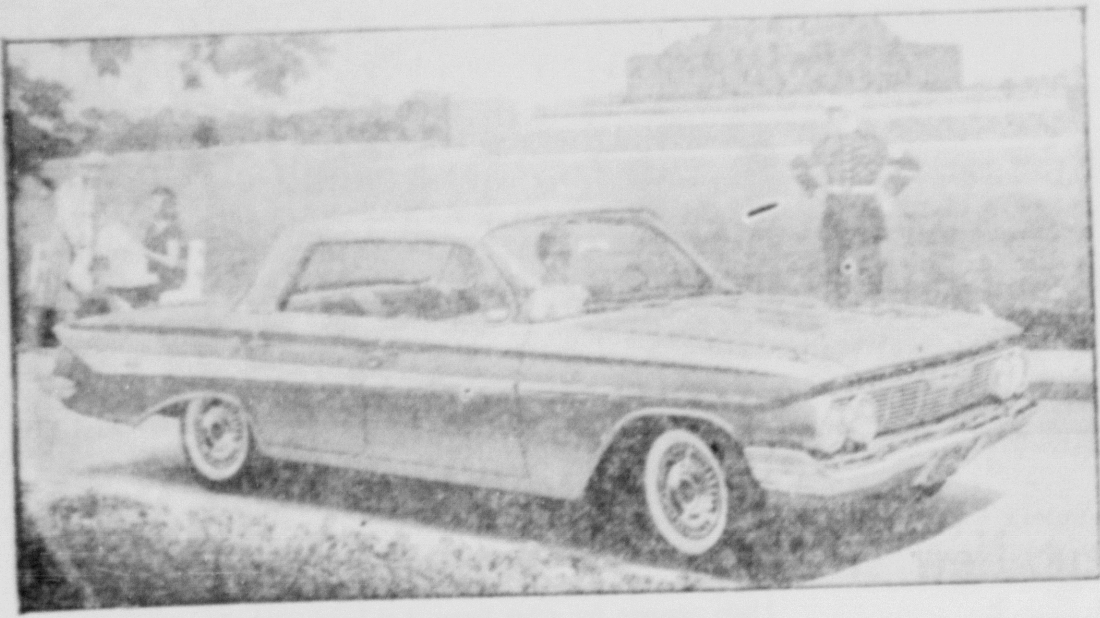

AS FINE, AS NEW, AS YOU CAN GO
Now! Full comfort, full luxury, in a new trimmer full-size car!

Now there's more easy-living room for all of you—up, down, all around. For this full-size Buick is new clean through from its big Comfort Zone right down to the ground. Doors are wider and the dog leg's smoothed away. A new Hide-Away driveshaft gives far more flat floor space. A new Safety-X frame lowers the door sills. New Control Arm suspension smooths the bumps. And wait till you try its new Wildcat V-8, streamlined from within for more go 4n less gas... and its gas-saving new Turbine Drive, standard on every full-size Buick! And, there's plenty more to see and be proud of. See your Buick Dealer today, see why...

'61 IS BUICK'S YEAR!

YOUR QUALITY BUICK DEALER IN CAMERON IS:

WOODUM AUTO SALES' 103 EAST 4th STREET

SHOWN HERE are the smooth, graceful lines of the new Chevrolet passenger cars now on display at Burkes - Howard Chevrolet Company. The wings on the rear deck have been smoothed into the body. Roof lines are freshly

contoured. Over-all body design features gently sloping lines. The trunk, in contrast to past models, opens flush with the top of the bumper. The line has twenty body styles.

Chevy Promises Solid '61 Car

Top seller of 1960 automobiles, Chevrolet promises to solidify its position in 1961 by significantly broadening its range of passenger cars.

Scheduled for display at Burkes Howard Chevrolet Co. Friday, are 29 freshly styled conventional models; nine Corvairs including new passenger and commercial models, and the spirited two - place Corvette.

Complete new body styling, which provides easier loading for both passengers and baggage and establishes new heights in motorizing comfort and convenience, is featured in the regular line of passenger cars.

The entire body, from floor to roof and grille to rear bumper, is all new. Prime design emphasis has been placed on functionalism with Thrift.

High on the list of advantages of the all - new body are:

1. Easier entrance to passenger compartments.
2. Large, more accessible luggage space with the trunk loading level lowered as much as 10.5 inches.
3. Improved clear height and over - the - hood visibility which will increase the ease of parking and add to driving safety.
4. Other safety items include improved brakes, overlap electric windshield wipers, and a new placement for the rear - view mirror which protects it from hazards such as hand signals and flying stones.

Although the conventional cars are shorter, narrower and slightly lower, the interior roominess remains about the same or better than comparable 1960 models. Riding comfort is improved.

From a styling standpoint, the new models feature gentle curves

and smooth lines and a generally cleaner and airier appearance from all angles.

The Corvair models to be unveiled Friday also blossom out into a complete line of passenger and commercial vehicles. They include:

Passenger cars - Club coupes, four - door sedans and a new Lakewood Station Wagon in the "500" and "700" series, plus the deluxe Monza Sport Coupe and the new Greenbrier Sports Wagon.

Commercial - Corvair, Rampside and Loadside trucks.

Basic mechanical features of the Corvair include the air - cooled engine, combination of transmission and axle at the rear and frame-body integration - are continued. So is the basic body styling, although exterior ornamentation provides a fresh appearance and the interiors are completely new.

Significant engineering improvements have been made, however, which will greatly improve luggage space, engine performance and fuel economy.

Other innovations include a 14 gallon fuel tank; a manual choke and more precise fuel metering to the carburetor; a new pattern of air circulation in the engine compartment to quicken warmup; an increase in engine displacement to 140 cubic inches; an optional 80 - horsepower engine and a four - speed transmission.

The spot light in the Corvair light is expected to center immediately on the new Lakewood Station Wagon and the Greenbrier Sports Wagon.

Equipped with six doors and rated for a 1,600 pound payload, the brand new 65 - inch wheelbase Greenbrier can readily be converted

from a nine - passenger bus to a wide assortment of duties. It can carry six passengers and a 700 - pound cargo or with a optional third seat, nine passengers and 250 pounds of cargo.

The Lakewood Station Wagon is a four - door, conventional type six - passenger model. But with the second seat folded down, it offers 68 cubic feet of cargo capacity. One exclusive feature is the 15 - cubic feet of lockable storage space under the hood.

Jones Prairie Jack Ponds Host Oklahoma Guest

Bob Pond of Tulsa, Okla., visited his parents Mr. and Mrs. Jack Pond during the past week.

Mrs. J. A. Jamison, Mrs. Lee Roy Masingale and Miss Sue Anniston spent Wednesday with Mrs. Bailey Jones in Rosebud.

Mr. and Mrs. Melvin Martin and children of Sequim and Mr. and Mrs. Billy Vager and children of Bryan spent the weekend with their parents Mr. and Mrs. E. B. Vager.

Mrs. Rexie Foust and Mrs. J. A. Jamison spent Monday with Miss Ethel and Mrs. Nora McKinney.

Miss Linda Lucko of Walkers Creek was Tuesday night guest of Miss Charlotte White.

Miss Karen Fontaine spent Friday night with Miss Valery Green and attended the Cameron Georgetown football game.

Mrs. B. C. Luce of Bellmead visited her daughter Mrs. Russell and Mrs. Brewer on Wednesday.

Mrs. W. B. Harwood visited her sister Mrs. B. E. Anderson in Cameron during the week.

Mrs. Walter Smith visited Mrs. J. H. Burnett on Thursday afternoon.

Rev. and Mrs. Melburn Sibley were Sunday Dinner guests of Mr. and Mrs. T. B. Stidham.

Local Baptist Church Calls Rev. Parker As New Pastor

Miss Ann Holcek of Waco spent the weekend here with her parents and Gloria.

Mr. and Mrs. Willis Kuhn and three children of Ben Arnold were recent guests of Mr. and Mrs. Lee Gerngross and family.

Mr. and Mrs. Lee Gerngross and family were guests of her parents Mr. and Mrs. Will Kuhn at Cameron on Wednesday night.

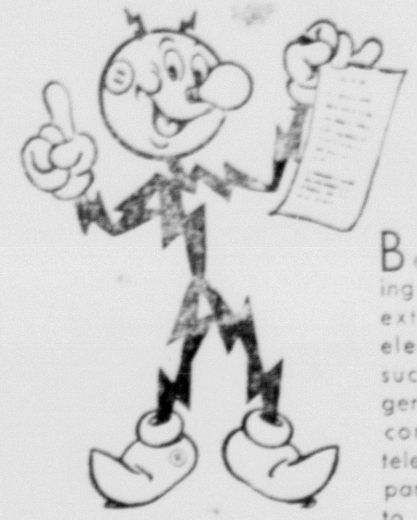

Mr. and Mrs. Homer Sample of Ft. Worth visited his brother Roy Sample here Saturday.

MCTA To Meet In Rockdale Oct. 10

The First Meeting of the Milam County Teachers Association will be at 7 p. m. Monday, October 10 at Rockdale High School. Charles Hamilton of Austin will be guest speaker and will speak on "Better schools for Texas children."

This will be an open meeting and all laymen and PTA members are invited to attend.

For the BEST in Electrical Appliance Service...

Because modern living depends to a large extent on the use of electrical appliances such as ranges, refrigerators, freezers, air conditioners, radios, television... this Company has taken steps to give every possible

assistance to those engaged in the business of servicing and repairing electrical equipment to the end that you will experience the least possible inconvenience. This we have accepted as an obligation to you, our patrons.

TP&L employees who regularly contact our customers are trained to understand your service needs. Each of these employees has a list of all local service and repair firms, as well as the type of appliances in which these firms specialize. So... whenever you have difficulty in obtaining service, feel free to call on any of our employees for assistance. They will welcome the opportunity to see that you get prompt and efficient service. We invite you to ask any TP&L employee or call at our office for any information you may require regarding service to your appliances.

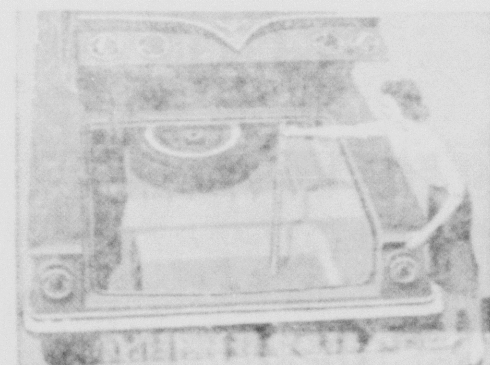

TEXAS POWER & LIGHT COMPANY

FRIDAY! THE GREATEST SIXTY-ONEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, youthful '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the unimpeded right of way. And the new easy-chair seats are as much as 1 1/2 inches—just right for sitting, just right for sitting.

Once you've settled inside you'll have high and wide prides for Chevrolet's spacious new dimensions. On the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear. Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

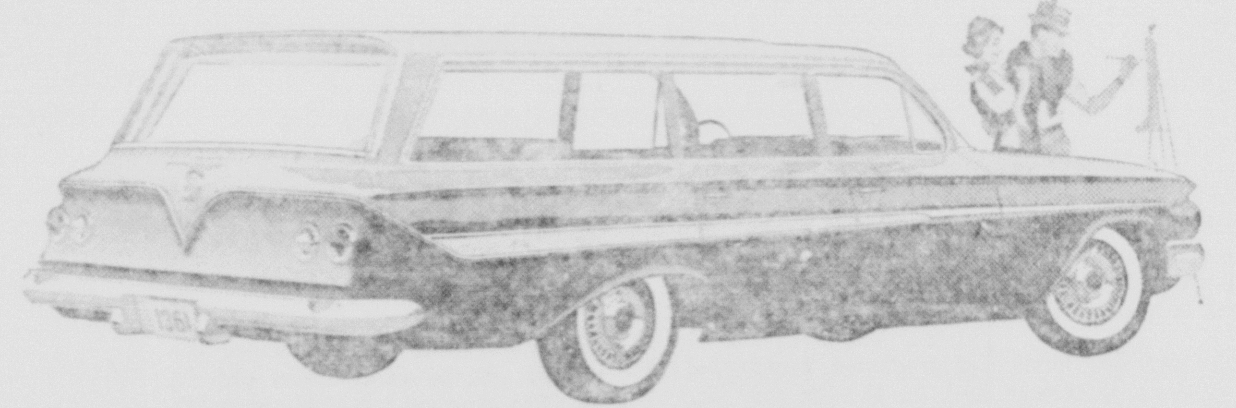

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10 1/4 inches lower.

INTRODUCING THE '61 CHEVY BISCAYNE 6

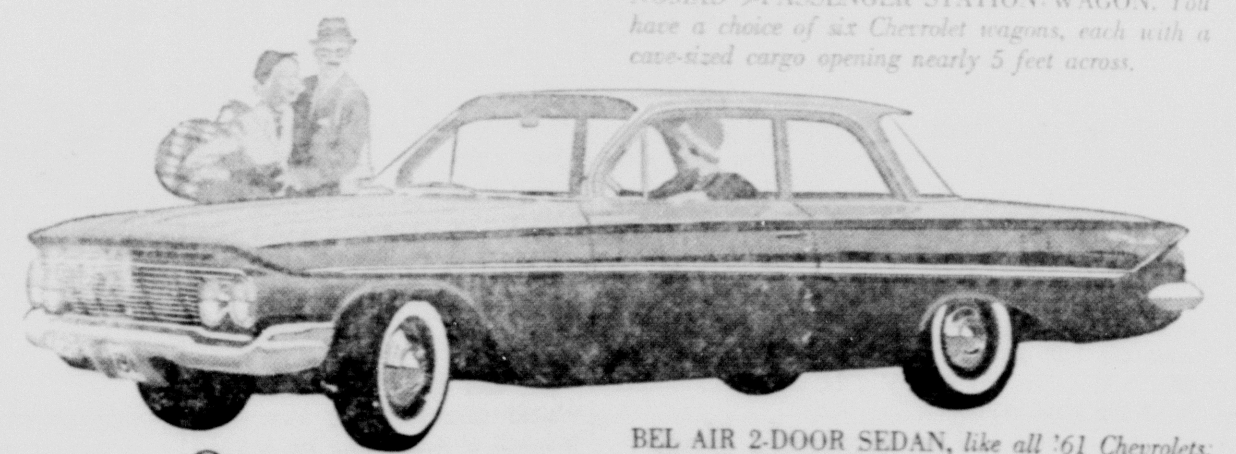

the lowest priced full-sized Chevy with big-car comfort at small-car prices! Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less! Now you can have economy and comfort, too!

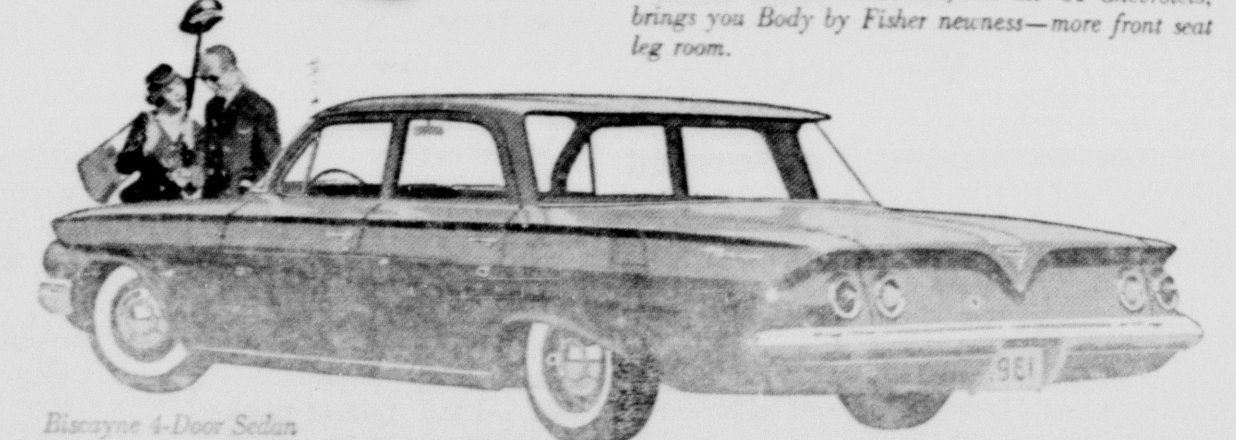

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevrolets of all.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cave-sized cargo opening nearly 5 feet across.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness—more front seat leg room.

Biscayne 4-Door Sedan

Still A Bargain!

We have held our costs down as long as possible but now we must go to 10c on our news stand sales.

Every major weekly in Central Texas, except the Herald, has been selling for more than 5c for some time.

Remember, you can still subscribe to The Herald at only - \$2.50 a year. This is less than 5c a copy.

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

BURKES-HOWARD CHEVROLET CO.

308 North Fannin

Cameron, Texas

OX7-2451

CHEVROLET has added a station wagon to its Corvair line with this sparkling new Corvair Lakewood Station wagon. It has an air cooled engine mounted in the rear, folding seat and

forward luggage compartment and readily adaptable to any job, commercial or pleasure. In addition Chevrolet has added a sports wagon and three half ton trucks to the Corvair line for '61.

Corvair Blossoms Out For 1961

Chevrolet's ingenious, rear powered Corvair blossoms out as a full line of automobiles for 1961. In addition to the three half-ton commercial cars previously announced, the company disclosed today that station and sports wagons will join the family at Burk-Howard Chevrolet Co. of new models Friday October 7.

Thus, the superior riding and performance qualities which the Corvair pioneered in the small car field a year ago will become available to a majority of all transportation requirements.

Here is the Corvair lineup for 1961:

Passenger cars - Club coupes, four-door sedans and a new

Lakewood Station Wagon in the "500" and "700" series plus the deluxe Monza Sport Coupe and the new Greenbrier Sports Wagons.

Commercial - Corvan, Rampside and Loadside trucks. In appearance, the latest Corvair retains its lithe, symmetrical form. New styling touches and beautified interiors clearly distinguish the models as 1961's, but the low-slung, appealing profile remains unchanged.

Also untouched are the engineering fundamentals which have made the Corvair the most talked-about automobile in America.

The flat, air-cooled engine and transmission-axle combination are continued at the rear. Com-

part body-frame integration lends its special staunchness to all models.

To supplement the primary excellence of the Corvair features, however, several improvements have been adopted. Fuel economy especially benefits from the lower numerical axle ratio and the new non-gas burning heater which will improve fuel economy even beyond the excellent miles per gallon now achieved. A hot air heater is now offered as optional equipment. Increased luggage capacity is made possible by moving the spare tire from under the hood to the engine compartment. A 14-gallon fuel tank is substituted for the former 11-gallon tank.

Although most chassis specifications are common throughout the line—all models carry a certain family relationship—structural differences distinguish newcomers from earlier body types.

The rear-engine mounting improves itself extremely suitable to

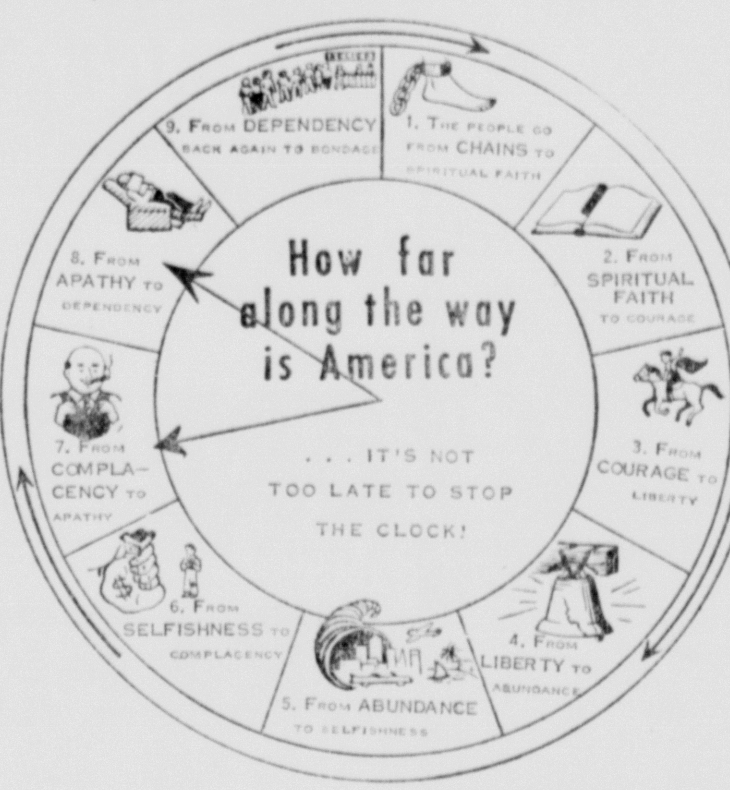

the Lakewood Station Wagon, the Greenbrier Sports Wagon and the Corvan—the commercial panel van. The absence of a transmission tunnel provides cargo and passenger loading convenience impossible with the conventional small car.

The Greenbrier is a totally new forward control vehicle designed on a 95-inch wheelbase. The normal car hood has been eliminated. A full-width driver's

seat mounts over the front wheels. The roomy body will accommodate two additional seats, positioned conventionally or facing each other.

For read accessibility, the Greenbrier is equipped with six doors—one on each side of the driver's compartment—and double doors at the curb-side and at the rear. Side and rear doors open a full 180 degrees

FREEDOM OR SLAVERY THE CHOICE IS YOURS

Outdoors In Texas

Diseases Of Fishermen

Fishermen are supposed to be a healthy lot.

However, there are some basic diseases that seem to strike fishermen—and fishermen only. None of these diseases are fatal. But, a knowledge of the ailments will be helpful to the angler who wants to become his healthy, happy self again.

Let's take a look at the diseases.

First there's DORSALITIS or GILLITIS. Sometimes it is called "Fishy Fever." It is a well known ailment. Employers usually hear about it first—immediately following the afflicted person's self-diagnosis. It is reported to the boss under a number of different names, all of them false.

Dorsalitis is highly contagious. Temperature increases immediately on contact with any other carrier of the disease.

Exhaustive research reveals that the most common carrier is a newspaper that prints pictures of long stringers of big bass, or stories about some individual who reports that fishing is extra good.

Universally recommended cure is to spend the day outdoors, on good fishing water, with something to occupy the mind—such as a fishing rod in the hand and plenty of bait in the bucket. Let's look at another "Angler's Ailment."

In the language of medical science this one would be called Lepesosteus Spatula Nosis—Cyprinus Carpio Elipsis. It's more often referred to as GARNOSIS—CARPELIPITIS.

This illness generally develops after an unsuccessful fishing expedition. First symptom is a sour disposition. In extreme cases there is a desire to write nasty letters to the Game and Fish Commission, complaining about the rough fish population taking over the afflicted party's favorite fishing spot.

Disease is more prevalent among BASSABETICS (those with Serenidae Fever). It's an incurable age of outdoor recreation.

Next is the dangerous HOOF-IN-MOUTH DISEASE. Generally you'll find those who are suffering from this disease shopping downtown on Saturday afternoon with the wife.

You can recognize these ailing anglers by their downcast look. Sometimes they appear downtrodden. Occasionally they will be found with large bumps protruding from the cranium.

Wife generally sees first indication of this disease when hubby tells her he can't go shopping with her because he must return to the office to complete some unfinished work.

Disease becomes acute and hits its peak when husband unthinkingly asks wife where she put his fishing rod. After effects of dis-

ease then strike quite suddenly.

TOP WATER PARANOSIS is another ailment. Afflicted is the fisherman who insists, beyond all reason and season, on using artificial lures that float on the surface of the water. This regardless of the fact that he is catching absolutely nothing, which everyone else is landing the limit on anything and everything cast into the water.

Disease has a narcotic, habit-forming effect in that it makes the afflicted party increasingly stubborn about retaining the malady. Affliction strikes at the mind and forms a firm belief that the ailing angler is the only true sportsman of the lot and that it is far better not to catch any fish at all than it would be to use any other method of fishing.

Always there is hope that this sufferer's ability to reason finally will conquer his mental block, because of his desire to join in tug-of-war with the fish himself.

A highly nervous type of ailment is SKITSOPHIREQUIA. This sickness is characterized by the fisherman who is always in a hurry. He skitters his lure rapidly through the water. Usually his pace is so fast that the fish tire before they can catch up with his lure, or they just run away from the fast moving, noisy object—in the opposite direction—at a furious pace.

Many an angler is afflicted with FIRST FISH GLOAT. Germs of this disease attack the first angler in the party who makes a catch. Some fishermen are able to shake the disease immediately. Others cannot.

First indication of affliction is a swelling in the chest, followed by a flapping of the mouth. From the latter emits numerous praises of the angler's ability, plus abundant advice to the novices whom he feels surround him. Sometimes there is considerable swelling of the head.

Reaction sets in among his buddies. They avoid him. This ailment is the reverse of NO FISH MYOPIA. It's a form of depression brought on by an unsuccessful outing.

Another ailing angler is the SWITCHLEPTIC. A person with this disease will not stick with one lure long enough to catch a fish. He changes lures almost as rapidly as he gets one damp.

He is the angler to whom the snap swivel is a most prized possession. His greatest desire is a complete assortment of all the lures made. He tries all the lures he had with him, on every fishing expedition.

A NIBLIC YANKALOTICA is one who undergoes extremely forceful jerking spells whenever he feels a nibble on the end of his fishing line. His is an unfortunate

condition, as this affliction has caused him to pull his hook right out of the mouth of many a lurer.

Such cases have been conquered, but it takes a great deal of patience and fortitude.

All the above mentioned diseases are merely a few of the ailments with which fishermen are afflicted. Fishermen's diseases, like all others, need attention and understanding. Most everybody who has at least one of these ailments with which fishermen are spells often.

Should you become afflicted, the most important step you can take is to make a quick diagnosis, then do something about it immediately. You can treat any of these cases yourself. You can be your own doctor.

Naturally, to take the cure you gotta go fishing!

If you doubt your ability to treat yourself, give your favorite doctor a ring. Chances are he'd like to go too.

Hays Lists Postal Receipts Increase

A new all-time high in the nation's mail volume was reached during fiscal year 1960 ended June 30, which continued the steady upward trend of the past seven years at a rate which even exceeds the population growth, according to advance information from the Annual Report of the Post Office Department which has been made available to Postmaster J. R. Hays.

Although subject to last minute revisions, the year's total has been estimated as 63.6 billion pieces of mail which includes about one billion pieces of parcel post. It was stated that this would mean an increase of nearly 25 per cent over the corresponding figures for 1953 when the annual volume was 50.9 billion pieces.

During this same period, it was pointed out, the revenue of the Department also has shown an impressive gain with an increase from \$2,091,714,600 in fiscal year 1953 to \$3,276,800,000 for fiscal year 1960.

Here in Cameron, receipts of the post office climbed from 68,000 in 1953 to 80,000 last year. "There is not much we can do

about how much mail we have to handle from day to day or how many people are making use of the Postal Service," Postmaster Hays stated, "but the whole Department keeps busy in devising ways and means for doing the job not only more efficiently but more economically. As I recall it, that was the way President Eisenhower outlined the principal objectives of the Department when Postmaster General Arthur E. Summer-

field was being sworn in back in 1953, and that's the way we have been operating ever since.

"We can't deny that we still make mistakes and that the human element still plays a vitally important part in daily operations, but the statistics in the Department's annual report offer positive proof that we are making progress on a nation-wide basis.

As an example, while the mail volume showed an increase of 16 billion pieces handled annually, the employment increase during this same period amounted to only 11 per cent.

"By way of explanation, it should be mentioned that the employment figures - based on thousands of man-years - are first work-out under two separate headings, city carriers and 'all other'

and then combined for the overall percentage figures just mentioned for fiscal 1960.

"It should also be mentioned that there has been a steady and substantial increase in 'city carriers' each year as compared with 1953, ranging from 4.5 per cent in 1954 to 29.2 per cent in the latest estimates. This increase has been essential to keep pace with the ever-expanding growth of es-

tablished cities as well as the establishment of new ones. City delivery service has been started in 800 communities in addition to the extension of literally hundreds of routes which were already in operation. This required the equivalent of 31,000 more letter carriers to serve approximately 9,000,000 more American families and upwards of 700,000 more business concerns.

Mr. and Mrs. C. R. Criswell have had as their guest his sister, Mrs. Audrey Goree of Olney. Mrs. W. H. Ezzeil has returned from Rogers where she has

been visiting her daughter, Mrs. M. E. Mitcham who is ill at her home.

Mr. and Mrs. Dave Fowler and Mr. and Mrs. Clifford Walker have returned home after visiting in Amarillo where they were guests of Mr. and Mrs. Howard Smith. Mrs. Smith is a sister of Mesdames Fowler and Walker.

Mrs. Louis Svetlik has returned from St. Edwards hospital in

Cameron where she received treatment for a back injury. She is reported to be improving.

Mr. and Mrs. Fritz Glaser have had as guests their children and grandchildren, Mr. and Mrs. George Dilling and daughter, Barbara Ann and Mr. and Mrs. Albert Wilie of Houston; Donald Ray Glaser of Dallas; Mr. and Mrs. David Haas and daughter, Donna Kay of Cameron; Mr. and Mrs. Arnold

Glaser and sons, Gene and Don and Mr. and Mrs. Joe Glaser and son, Richard.

Mr. and Mrs. Bill Crenan; Mr. and Mrs. George Mode; Mr. and Mrs. Sonny Swanzy attended the Farm Bureau membership kickoff supper at the Texan Cafe in Cameron Tuesday night.

Milano News

John Beavers Returns To Camp In California After Visit

John Beavers has returned to Camp at Alameda, Calif., after a visit with his mother Mrs. Tony

Beavers and other relatives. Visiting in the home of Mr. and Mrs. F. R. Burks recently were Rev. Philie Sparks of Meador, Kan. He was enroute to Houston where he will hold a revival. Also visiting was Mrs. Ellis Abbott of College Station Sunday, a cousin of Mrs. Burks.

Mr. and Mrs. Clarence Sims of Killeen was a weekend guest of their parents, Mr. and Mrs. Loyd Ferguson and Mr. and Mrs. Charles Sims.

Mrs. Alfred Nichols and son Randy visited in Temple last week as guest of Mr. and Mrs. Ross Cole and children.

Mrs. Maud Lantrip and Miss Gertrude Jones went to Huntsville Friday to visit Mrs. Lantrip's son George and be accompanied them home for the weekend.

Mrs. Carrol Davidson and daughters attended a birthday party given in the honor of Billy Loyd Davidson son of Mr. and Mrs. Henry Davidson Sunday.

Guests in the home of Mr. and Mrs. Roy Miller and family Sunday were Happy Pounds.

Mr. and Mrs. Loyd Ferguson attended the funeral of her nephew Bud Manney of Caldwell Wednesday. He died in McClosky Hospital in Temple.

Mr. and Mrs. Gerald Vinton attended the funeral of Curtis Cone of Corpus Christi last week.

Mrs. Virgie Moss and Mrs. Lencie Kerns was guest in the home of Mr. and Mrs. G. C. Sloan Sunday.

Charles Hairston of Camp Hood visited his parents Mr. and Mrs. Curtis Hairston over the week-end.

Grant Sloan has returned from a visit with his daughter and husband Mr. and Mrs. Bob Loggins of Fort Worth.

Miss Gertrude Jones and George Eward went to Temple Sunday to visit Dick Eward who underwent surgery in McClosky Hospital. They found him doing nicely.

Mrs. Ann McGregor of Houston and her granddaughter Mrs. Harold Lowe of Demerville were visiting their many friends last week. Mrs. McGregor who has been ill is very much improved. She is visiting her granddaughter while her husband made a trip to Arkansas.

Several from Milano have been attending church services at the Friendship Baptist Church last week near Chismen. The messages were delivered by Rev. Barnett of Caldwell.

Mrs. R. V. Griffin of Palestine was guest of her daughter and family Mr. and Mrs. Curtis Miller.

Mr. and Mrs. W. C. Wilson of San Antonio spent the weekend as guest of her sister and family Mr. and Mrs. Willard Pierce.

Mr. and Mrs. R. J. Stewart returned home recently from a trip to Cresswell Org. They visited his daughter and husband, Mr. and Mrs. E. H. Hughes there. Mrs. Hughes was the former Nell Stewart. They also visited other places of interest and a granddaughter and her husband, Mr. and Mrs. E. T. Ginn in Lubbock.

Mr. and Mrs. John Morgan and Mr. and Mrs. Damon Chorpenent the week in Kingsland.

Mrs. Emily Mergelle of San Antonio is visiting her sister and husband Mr. and Mrs. R. J. Stewart.

Boost Profits On Cotton Crop With Fertilizer

COLLEGE STATION — Cotton farmers all over the state are looking for ways to make more profits from their crops. Dr. William F. Bennett, extension soil chemist, says fertilizer may be the answer. In every part of Texas, fertilizers are adding extra dollars to cotton income by increasing acre yields and lowering unit costs.

Perhaps you are already using fertilizer and it is not living up to expectations. In this case, you may be using the wrong kind of fertilizer, or you may not be putting it where the crop can use it to the best advantage. Another common fault is simply not applying enough fertilizer.

There are several points to consider after you have decided to apply fertilizer. Dr. Bennett continues. Your soil may not need the same nutrients as your neighbor's. Different crop rotations, different locations and different compositions all affect the fertilizer needs of soil. Dr. Bennett says that soil testing is the best way to determine the needs of your soil — it is not the final answer, but it is a valuable guide.

Most farmers know the three primary foods — nitrogen, phosphorus and potassium — but how many know what each of these does for his crop? Nitrogen gives plants a dark green color. It makes the crop grow off fast and it increases phorus, in addition to stimulating early root growth, stimulates blooming, aids in seed formation and hastens maturity. ostassium aids plants more vigor, aids in disease resistance and stiffens the stalks.

All of this talk about cotton fertilization may seem strange to you at this time of the year. Fall has come to mean fertilizing time to an increasing number of farmers on loam, clay loam and clay soils, explains Dr. Bennett. When the fertilizer is put out early it doesn't slow down planting when the moisture situation may be critical, and it insures that the nutrients will be where they are needed when they are needed.

If you are not getting the cotton crops that you think you should, whether you are using fertilizer or not, consult your county agent. He can offer valuable information and suggestions that may mean money in your pocket. Dr. Bennett concludes

Clarkson Cemetery Association

The Clarkson Cemetery association will meet Sunday, October 9 at Clarkson Church house at 10:30 for program of song and devotion.

Rev. B. T. Goodwin will be speaker. Lunch at the recreation center. Meat, drinks and bread furnished. Bring something to add to lunch.

Take Precautions Against Damage By Farm Fires

COLLEGE STATION — What would you and your family do in case of a fire? Do you have any emergency plan? The Texas Farm and Ranch Safety Council says that if every member of the family knows what to do in case of fire, severe property damage or even loss of life may be prevented. The Councilmen urge families to work out a simple emergency plan that is understood, and even rehearsed periodically, by members of the family. Basically, the plan should involve calling the fire department, getting the family to safety and saving animals or farm livestock.

The more isolated your place is, the more important it is to have fire-fighting equipment on hand. Such common tools as rakes, axes, shovels, a ladder and garden hoses are valuable for fighting small fires. It is also a good idea to have commercial fire extinguishers handy. Dry chemical or carbon dioxide extinguishers should be available for use on flammable liquid or electric fires, the Council says.

Another valuable fire-fighting aid is the farm pond or irrigation canals. If pumps are available, water sources such as these could mean the difference between light or heavy losses. High-pressure orchard sprayers can also double as fire-fighting equipment.

Avoiding fire hazards is also a vital part of safeguarding your home from damage, and now is the time to plan for winter pastures. Temporary pastures not only reduce the cost of wintering livestock, they help maintain growth and production. Many dairymen have reported net returns of \$25 to \$50 per acre from winter temporary pastures, says George McGee, extension pasture specialist.

Royce Glaser To Head Ad Hall 4-H

J. D. Moore, county agent, met with the Ad Hall 4-H Club on September 27 at the Ad Hall Community Building.

The incoming officers elected were president, Royce Glaser, vice president, Henry Tomasek, Jr., Secretary, Edmund Michalka, Reporter, Roy Dean Tomasek, council delegate, Larry Hillman, and song leader, Delmer Glaser.

The following committees were also appointed: Program committee, Leo Rozner, Henry Tomasek, Edmund Michalka; Membership committee Joe Rozser, Jr., Delmer Glaser and Warren Hillman; Finance Committee, Larry Hillman, Royce Glaser, and Brenda Michalka. Recreation committee, Roy Dean Tomasek, Glen Hughes, Louis Rozner.

County Agents Notes

Sweet Potato Results Good

By J. D. Moore
Milam County Agent

George Banzal and Charlie Terry, as well as other substantial men have repeatedly recommended sweet potatoes as a cash crop for the east and south part of Milam County. Sweet potato production is not for those who are looking for the "pot of gold at the end of the rainbow" but it is a rewarding crop well suited to the smaller farms of this county.

Bill and Gene Whitaker, truck farmers of the Marlow community have sufficient proof that sweet potatoes properly grown and marketed will pay. "Soil testing" and "variety test" have convinced the Whitakers that research information will step up their returns by increasing yields.

Last year Gene Whitaker convinced himself that fertilizing according to soil test recommendations results in high yields of sweet potatoes at a lower fertilizer cost.

Variety test this year look por-

Time To Plan For Winter Pastures

COLLEGE STATION — Don't let this hot weather fool you. Winter is not far away, and now is the time to plan for winter pastures. Temporary pastures not only reduce the cost of wintering livestock, they help maintain growth and production. Many dairymen have reported net returns of \$25 to \$50 per acre from winter temporary pastures, says George McGee, extension pasture specialist. Texas has had a good pasture year, but the summer grasses will be dormant during the winter months. Temporary pastures will supply the needed green grazing, and will also help with erosion control, says McGee.

The specialist advises planting at the proper time for your area, even if the seed has to be dusted in. Seed that is already in the ground when the rains do come has a jump on seed that is not planted until after the rain.

Pastures, just like all other crops, need to be fertilized. A soil test is the only sure way to determine just what fertilizer is needed, and money spent for a soil test is never wasted. If the seed have to be dusted in, the fertilizer should be put down also, says McGee. He advises contacting the local extension agent, the fertilizer is not wasted — it is there for the next crop.

4 - H Notes

By J. D. Moore
Milam County Agent

Sheep Classes for the County Junior Livestock Show were approved last season and feeders should start lambs on feed now. Approval to enter sheep in the county show was made by the committee but no classes were named. This will be left up to those interested in entering sheep.

Likely a class for fat lambs and possibly a class of breeding ewes will be sufficient the first year. The committeemen warn that only high quality sheep will be approved.

Lambs may be purebred, crossbred or grade, so long as they are of good quality.

Three to four months feeding period is generally accepted as adequate for commercial feeding. If Junior stockmen plan to show a highly finished lamb, a longer feeding period will be necessary.

30 lbs of grain, 200 lbs of hay and 35 to 40 lbs of protein may be required to fatten lambs. This of course will depend on how much flesh the lamb is carrying, size of the feeder. Thrifty lambs should gain 1-3 pounds or more per day. Twenty five to 30 pounds of gain put on 55 to 60 pounds lambs in 90 days will mean fat lambs for a beginner.

No time should be lost in starting lambs on feed since the coun-

ty show will likely be held the latter part of January 1961. Those needing assistance in locating lambs should contact the county agent, or the vocational agriculture teacher in your community.

Feeding guides are available at the county agents office.

In The Service

OKINAWA (FHTNC) — Marine Pfc. Douglas W. Jones, son of Mr. and Mrs. Cassie Jones of Route 1, Gause arrived at Okinawa Sept. 19 aboard the troop transport USS General W. A. Mann with the First Battalion of the First Marine Division.

This is the battalion's second tour of duty in the Far East. The battalion was the first Marine Corps unit to be rotated from Okinawa 15 months ago under the Corp's current unit transplacement program.

Reportable Diseases

Reportable Diseases in Milam County for the week ending Saturday, October 1 according to Dr. T. E. Crump, acting Director of the Milam County Health Department were 14 Strep Throat, two measles, one whooping cough and two gonorrhea.

Cameron CYC Hosts District Dance

Cameron was host to a district Catholic Youth Dance recently. A large crowd was present with groups present from Bremond, Temple, Rosebud, Burlington, Cy-

lone, and Cameron.

Music was furnished by Joe Taylor of Rockdale.

The Catholic Youth Council had its monthly communion recital with a large number present.

OCTOBER, 1960

\$100 FIRST PRIZE AWARD FOR "GOLDEN ONION ROLLS" RECIPE

11 CASH PRIZES EVERY MONTH

Here are the easy Contest Rules:

- This monthly contest is GLADIOLA's way of stimulating the exchange of good yeast bread recipe ideas between you and your neighbors here in the Home Baking Heart of Texas. Anyone may enter except employees (and their families) of Fant Milling Company, its affiliated companies and its advertising agency.
- Write down your favorite yeast bread recipe using GLADIOLA Special Hard Wheat Flour. List all ingredients, then explain briefly each step in the procedure.
- Cut off the strip that says "GLADIOLA Special Hard Wheat Flour" from the folder enclosed in every bag. Send it... with your recipe... to Glad Times, Sherman, Texas.
- Send in as many yeast bread recipes as you wish. Mail each recipe in a separate envelope enclosing a GLADIOLA strip as explained in Rule No. 3.
- Each month's recipes are judged separately, with an independent graduate home economist as the final judge. Recipes received in October will be eligible for prizes to be announced at a later date.
- For the outstanding recipe received each month, GLADIOLA will pay \$100. Half the prize money... \$50... goes to the winner. The remaining \$50 goes to the church of her choice as her special contribution.
- Ten other yeast bread recipes will be chosen monthly for \$10 Honorable Mention prizes.
- All recipes submitted become the property of Fant Milling Company, Sherman, Texas, with full publication rights. Recipes cannot be returned.

GOLDEN ONION ROLLS (makes 2 dozen)

Gladiola's Baking-Recipe-of-the-Month

MRS. JANAK'S GOLDEN ONION ROLLS

3/4 cup milk
1/4 cup sugar
1 tablespoon salt
1/4 cup shortening or oil

2 cakes compressed yeast
1/2 cup lukewarm water
2 eggs, beaten slightly

5 to 5 1/2 cups sifted GLADIOLA Special Hard Wheat Flour
Sesame seed or poppyseed

Scald milk; add sugar, salt, and shortening or oil and cool to lukewarm. Dissolve yeast in lukewarm water. Combine milk mixture, yeast, and eggs and blend. Gradually add flour, beating well, to form a stiff dough; knead on floured surface until smooth and satiny, about 5 to 8 minutes. Place in a greased bowl, turn dough to grease surface, cover and let rise in a warm place until double in bulk, about 1 hour. Meantime prepare Onion Filling (below) and cool. Pinch or cut off pieces of dough about the size of an egg and form into balls. Place 2 inches apart on greased baking sheet and flatten with palm of the hand. Brush with reserved egg from filling. With a tablespoon make an indentation in the center of each roll and fill with Onion Filling. Sprinkle with poppyseed or sesame seed. Let rise 30 to 45 minutes until light and almost double. Bake in a moderately hot oven (400 degrees) about 15 minutes until golden brown. Makes about 2 dozen.

ONION FILLING: Cook 2 cups chopped onion in 1/4 cup butter or margarine over medium heat until well cooked and golden in color but not brown. Stir in 1/4 teaspoon salt, 2 tablespoons slightly beaten egg (reserve remainder) and 2 tablespoons cream. Cool.

CLIP THIS RECIPE AND PASTE ON FILE CARD.

Pre-Winter Values at Phillips 66

Guaranteed Anti-Freeze Protection

Two easy steps give you guaranteed anti-freeze protection all winter long. (1) Tell your Phillips 66 Dealer the amount of anti-freeze protection you want—even down to 60° below. (2) He'll inspect the cooling system to be sure there are no leaks... add the proper amount of Phillips 66 Permanent Type Anti-Freeze...

... give you a Guarantee Tag. During the winter if you need any additional anti-freeze to keep the temperature protection you requested, your Phillips 66 Dealer will add it at no additional charge. Could anything be fairer? Go see your Phillips 66 Dealer today!

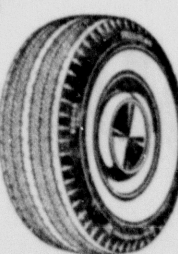

Powerful! Long lasting! Trop-Artic* Battery

See your Phillips 66 Dealer for a free battery inspection. If you need a new battery, a new Trop-Artic Battery will give you full power for all needs under all conditions. Take advantage of convenient budget terms.

Top Tire Value!

Trade in your old tires on Phillips 66 Super Action Tread Tires. Tubeless with nylon super strength cord, they give long life and long mileage. Wide, deep treads give non-skid traction. Buy on easy terms at your Phillips 66 Dealer's.

CAMERON, TEXAS

I Give You Texas

I am not a salesman nor a businessman but I have had some experience as a customer.

On one occasion, I was figuring on buying an automobile. The firm handled two makes — one in the medium price field, another which was higher priced. I decided on a lower priced model and the salesman said, "Yes, that is a nice little car." I almost didn't go through with the deal. When a man was spending \$2,000 or so, it was a pretty important transaction to him; in fact, most folks buy a car so seldom that, when they do, it is quite an occasion to them and they don't like to hear their purchase called "a nice little car."

And not only cars — just about anything else. I entered a store that was having a sale on hats, and selected one. The salesman said, "That is a nice little item." Why not, "a nice item"? In general — unless it's a cowboy hat — all hats are about the same size to the naked eye.

I noticed a store window with a big sign, "Clearance sale, half price" and some very attractive shoes were on display. In a corner of the window was a small sign which read, "Shoes on display not included in the sale." In my opinion, that is very close to dishonest practice. It certainly is misleading and creates resentment.

The customer may not always be right — and neither is the baseball umpire or the football referee but the opinion of each of these is the only one that counts.

Someone referred to a mule as being "without pride of ancestry or hope of posterity."

A colorful old chap who had charge of a luxurious lodge in the East Texas woods was telling a friend about a group that had recently been visitors: "They were yackety — yacking about their travels."

"Shucks, I'll bet I've traveled further, crawling up under the house looking for eggs than any of them ever have."

A candidate for sheriff in a West Texas county, many years ago, promised that his first act would be to fire the deputies that the incumbent had. The candidate declared, "Them fellows of-ficers! They couldn't track an elephant through the snow." Then to remove any doubt as to what he thought about them, he said: "I wouldn't send one of them out to split kindling; I'd be afraid he'd steal the ax."

Vanity, vanity, all is vanity — said one of the Old Testament prophets.

An Egyptian had inscribed on his tomb — and the inscription is still to be seen after 2,000 years or more — that he was fan-bearer at the right hand of the King. (This was a greater honor than to have been the one on the left.) It was his job to cool the monarch's brow and keep the flies away.

There was a small town hotel with a bellboy who had been a prize fighter in his younger days. He would be dozing in the corner when the clerk would hit the bell and that bellboy would jump out of the chair and swing punches in all directions.

Services Held Sunday For W. A. Conner

W. A. Conner, age 78, passed away at his home at 303 N. Rusk early Friday evening following a lengthy illness.

Funeral services were held Sunday at 3 p. m. at the Assembly of God Church with Rev. E. H. Bradfield officiating.

Burial was in Walkers Creek Cemetery, Green Funeral Home in charge of the arrangements.

Conner was born in Bryan and had lived in Lubbock and Cameron during his lifetime.

He is survived by his wife, Mrs. W. A. Conner of Cameron; two sons, Ed. B. Conner of Ocean Park, Calif. and W. E. Conner of Lubbock. Two daughters: Mrs. J. E. McLane of Abilene, Mrs. Laura Bevers of Cameron, Mrs. L. E. Damron of Houston and Mrs. J. C. Damron of Pyote. One brother, Robert M. Conner of Houston; one sister, Mrs. Quill Crain of Hollister, Fla. Also 19 grandchildren, 14 great grandchildren.
